

ECCO BRAKES

are manufactured in that hive of industry,

REDDITCH,

famous throughout the world for its unequalled high-grade cycle parts and accessories. **Ecco Brakes** are too well designed and too soundly made and finished to be compared with the cheap, unreliable imitations being foisted on the market by parties having no reputation to lose or maintain.

The Novelty of the Show.

(STAND 102)

—SHIPPERS—

are specially invited to inspect this. It has already a wide popularity in foreign countries where no proper roads exist, and the only means of transit is by bearing along a narrow track.

We have many other novel and profitable lines for both agents and shippers, and a call at our Stand will pay every visitor to the Show. Look for the illuminated trade mark.
