

BATAVUS

PRONTO

The Rolls Royce of mopeds, proving that basic transportation need no longer be basic.

This Top-of-the-Line prestige model of Batavus incorporates features which raise it well above the standard usually associated with two-wheel convenience and economy.

- The well-known Dutch Laura M48 engine-transmission unit, with reed valve induction for performance and low fuel consumption.
- Automatic clutch for smooth take-off.
- Controls designed for extreme simplicity of use.
- Hinged "dual seat" for comfort and occasional two-up riding, and to permit access to storage space.
- Brake warning light for safety.
- Wide profile tyres for comfort and road-holding.
- Large section mudguards for style and weather protection.
- Large headlamp for additional safety.
- Pre-stretched cables for long life.
- Silver sheen or aqua blue super finish and "Niros" chrome plate for appearance and durability.

A wide range of optional extras, including turn signals, is available to fit the Batavus Pronto.

THE QUALITY TOUCH OF THE EXPERT DUTCH!

THE QUALITY TOUCH OF THE EXPERT DUTCH!

You would expect mopeds from Holland to be better than the rest. A member country of the European Common Market, Holland is the cradle of mopeds with more than two million in use. Many of these are Batavus products which experienced Dutch riders, always looking for top quality and maximum riding comfort, have been appreciating for years. Batavus, founded in 1904, is the largest and most modern two-wheeler firm in the Low Countries, and is famous for its advanced design and manufacturing techniques.

The Batavus model line-up is completely comprehensive, with a moped to suit any purpose and pocket.
