My motor's a
CYMOTA

The World's best
CYCLE MOTOR

Cymota means effortless cycling and brings motorised travel within the reach of all. Pull forward the accelerator—stop pedalling and away you go—it's as easy as that.

Cymota is quickly fitted to any cycle. The sturdy British 45 c.c. engine with its light, attractive bonnet is perfectly balanced to give finger-tip control. Cymota will save you time and fares and end queuing for buses or trains.

- Up to 250 m.p.g.
- 5-25 m.p.h.
- Choice of six colours
- Dynamo lighting equipment included
