

The Viberti Arrive

The machines that created such a sensation at the Milan Show are being handled in Britain by Dot Cycle and Motor Manufacturing Co. Ltd., Arundel Street and Ellesmere Street Works, Manchester 15. under the name *Dot-Vivi*.

The three models are the moped (Top picture), Racer (Centre) and Scooterette and all have the *Vittoria* 48 c.c. engine, that of the Racer being tuned to produce 2.6 b.h.p. Wheels are 24in. x 2in. with 4in. internal expanding brakes. Bottom link front forks are employed and rear suspension is by swinging arm with hydraulic shock absorbers. There is 18-watt direct lighting from the flywheel. Finish is in two colours, the Racer being red and green and the other fawn and grey.

Prices are : Mo-ped - 69 gns., Racer - 79 gns., and Scooterette 84 gns., tax included.
