★ DUNELT 8

DUNELT cycles, hitherto produced in Sheffield, are now manufactured in Birmingham by a new company known as the Dunelt Cycle Co., Ltd. This firm has taken over the selling rights of Dunelt cycles from Dunford and Elliott, Ltd.

Arrangements, however, are such that there is complete continuity in the supply of these machines. Indeed, as will be apparent from the list of models and prices given below, the range has been augmented and will be shown in full at Earls Court.

DUNELT MODELS AND PRICES.
