

Motorised
THE CHEAPEST, TRANSPORT EVER KNOWN!

**On the Standard
 Petrol Ration the
 G.Y.S. MOTAMITE
 WILL COVER 8,000 MILES A YEAR**

This sturdy little 49 c.c. engine makes a gallon of petrol go further than it has ever gone before! It stretches your ration to unbelievable lengths and makes the increased cost of fuel a minor item of expense. Study these important details and then call at your nearest G.L. Depot for a demonstration.

- Petrol Consumption 225 m.p.g.—London to Plymouth on a gallon of petrol!
- Cruising speed 15-20 m.p.h.
- Fitted in 15 minutes to any standard ladies' or gent's cycle.
- Attached to handlebar and front wheel spindle. Cycle and rider are insulated from vibration and road shocks.
- Steering unaffected and road holding improved.
- Single lever control—any cyclist can ride a Motamite in 5 minutes.
