

NSU**Quickly**

THE MOPED
WITH THE
ENGINE
THAT

defies wear and tear

Outlasts all others because:

- Patented 'calmed air' filter keeps out engine-destroying grit
- The Cylinder-wall is especially lined with chrome that's highly resistant to wear

Get the moped with the engine that defies wear and tear. Short of being hit with a sledgehammer, the Quickly engine is virtually indestructible! Higher resale value is further positive proof of the Quickly's long-lasting qualities. Unquestionably, it's your wisest moped investment. **2-speed gearbox for unbeatable acceleration and hill-climbing**
