

## 50c.c. THREE-WHEELER

*The Nobletta offers a fair degree of weather protection for two*

**N**EWCOMER, the *Nobletta* is a three-wheeled motor scooter at an export price of £98. Made by York Noble, the new scooter is powered by the famous Sachs two-stroke engine with 130 m.p.g. fuel consumption. The vehicle, with three forward speeds, cruises at 35-40 m.p.h.

It seats two and there is ample baggage space for touring or shopping.

The *Nobletta* lends itself to a multitude of uses by virtue of its spacious loading platform. Special conversion designs are available to provide facilities making the vehicle suitable for business purposes.
