FOREWORD

The information contained in this book covers the specification for machines manufactured during 1964-1965. Additional information for machines manufactured in 1966 will be included at the end of this book when available.

All Spares Orders and queries should be addressed to:-

*The Service Manager,
The British Anzani Eng. Co. Ltd.,
Aylesford,
MAIDSTONE,
Kent.*

Telephone No. MAIDSTONE 77641

HOW TO USE THIS BOOK

To identify a component, first find the relevant assembly as listed below, this will give you a Group letter and Page No. to turn to. The illustration at the beginning of this group will then enable you to identify the component you require and give you a reference No. Against this reference No. in the parts List will be found a description of the component and its Part No.

This description and Part No. together with the Serial No. of the machine should be quoted on ALL Spares Orders.

ENGINE SPARE PARTS

Parts should be ordered direct from the Engine Manufacturer from the Spares Manual supplied with this machine.
