

*The former Cyclemaster works at Byfleet, Surrey, have been bought by Proctor Industries Limited, whose subsidiary, Britax (London) Limited, is well known as the manufacturer of a large range of mo-ped, scooter and motor cycle accessories.*

*Production of the "Cyclemaster" wheel and of the "Cyclemate" mo-ped will continue, but not of the Piatti scooter. However every effort will be made to see that Piatti owners get all the spares they need. Price of the "Cyclemaster" wheel is 29 guineas inc. P.T. and of the Cyclemate 42 guineas inc. P.T.*

*All the Britax factories, at present situated in Paddington, Clapham, Walthamstow and Letchworth will be centralised at Byfleet. We have had the pleasure of seeing the Byfleet works as the guests of Britax and of appreciating the scale of operations that will be carried out there. Even so, there is plenty of unused ground around the factory to allow for expansion.*
