Time marches on

ONCE—an ordinary car would have cost you anything from £500 to £600!

ONCE—a good cycle would have cost you anything up to 15 guineas!

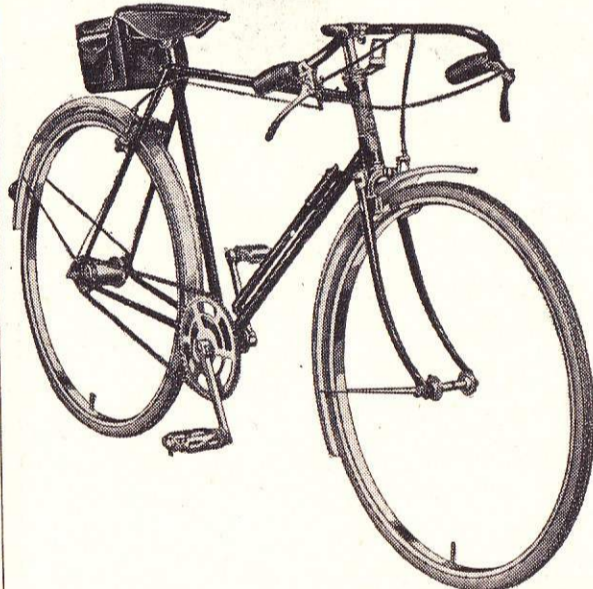

TODAY—Modern methods have raised the quality and lowered the price—hence the Gazelle.

ANNOUNCING

The New

GAZELLE

A RANGE OF CYCLES THAT GIVES YOU

"Quality Economically"

The new Gazelle range is here—and "Quality Economically" is sweeping the cycling world! For while it may still be true that "the more you spend, the better the cycle," it is a simple, unassailable fact that, at its price, the Gazelle is far and away the finest cycle value ever known! A bold statement—but the proof is at any Gazelle Dealer's! Compare the specification! Study the beautiful finish and the heavy chromium-plating! Notice the features—hitherto denied on a cycle costing only £4.7.6. Whatever your cycling needs there's a Gazelle to meet them—giving you for the first time "Quality Economically."
