

# HALFORDS

accessories

for ALL ROAD USERS - 1960

## To Our Customers

Your nearest Halfords Branch can show you far more than we are able to print in these pages and although we are always pleased to execute your Orders through the post, it is much more satisfactory to see the goods for yourself. The complete list of Branch addresses is shown on the back cover pages of this Catalogue and we hope that you will call on us soon just to 'have a look round'. You will find it well worth while.

## Halfords Personal Payment Plan

HALFORDS PERSONAL PAYMENT PLAN is available on all articles value £4 0s. 0d. and over. For example a lady's Scooter Suit can be purchased for £4 9s. 6d. cash, or by a Deposit of 18/- and 26 Weekly Payments of 3/-. Two articles with a total value of £4 0s. 0d. or over may be purchased under the same Scheme. Our Branch Manager will be pleased to give you full particulars at any time.

## Orders By Mail

If it is not convenient to call at one of our shops your Mail Order will be promptly executed by your nearest Branch or from our Head Office, 271-273 Corporation Street, Birmingham 4. Unless instructed to the contrary, goods will be sent C.O.D. If customers require them sent carriage paid, the cost of carriage must be included in their remittance. Our Personal Payment Plan is available to Mail Order customers if required.

## Alterations In Prices

Although we have taken every care to see that the prices given in the Catalogue are correct at the time of printing, owing to the ever-changing cost of raw materials and labour we reserve the right to alter any prices or amend any descriptions in this list.

# CAR ACCESSORIES

## POPULAR ASH TRAYS

The popular acorn shaped Ashtray in moulded bakelite with good quality rubber suction pad.

10°

Supplied in a number of colours.

'Stadium' suction fitting Ashtray in moulded bakelite with chromium-plated rim. Large size suction pad.

16

Giant size Ashtray in assorted colours with chromium-plated grid. Suction fitting.

3/9

Giant size Ashtray. The strong magnet will hold it to any convenient metal surface.

5/9

Available in assorted colours.

'Barnacle'. Heavily chromium-plated all-metal Ashtray with the maker's patent suction device which is brought into operation by turning a knurled screw which lifts a plate and so creates a vacuum. The suction device is left in place when emptying the Ashtray.

8/3

'Stadium' D shaped Ashtray with deep bakelite body and chromium-plated grid. With suction pad.

2/8

A rectangular shaped screw type Ashtray size  $3\frac{1}{2} \times 1\frac{1}{2}$  in. with chrome-plated grid. The back plate on which it is mounted can be permanently

fixed to a wooden or metal fascia. In dark Rosewood or Walnut coloured bakelite.

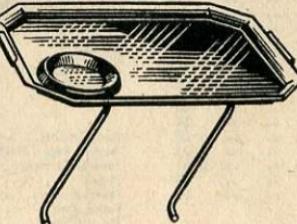

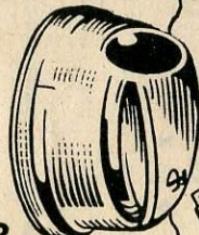

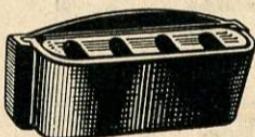

4/7

'Desmo' flush fitting, screw type Ashtray. In Black, Brown and Walnut.

4/11

'Eversure', screw fitting, size  $4\frac{1}{2} \times 1\frac{1}{2}$  in. Mahogany, Walnut, Cream and Black.

5/1

Door fitting Picnic Tray in heavy gauge plastic with metal reinforced base and recess for cup. In Cream, Maroon, Green and Red.

Size:  $10\frac{1}{2} \times 7$  in.

7/6

## For the Youngest Passenger

Designed with an eye to safety and comfort the 'Desmo' Baby Chair is suitable for both rigid bucket seats and bench seats and is easily folded up when not in use.

29/10

The 'Cumfifold'. A new type of Baby Chair with a tubular Grey enamelled frame and comfortable, good quality Red canvas upholstery. Complete with a sturdy tray.

For ease of carrying the chair can be folded when not in use.

48/3

The 'Brexton'. Ever-safe ensures safe travel and maximum comfort for the youngest of passengers and can also be used as an attachment to convert dining-room chairs. With large clip-on tray and plastic safety strap. Blue, Brown, Red, Green and Beige

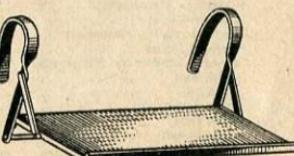

65/-

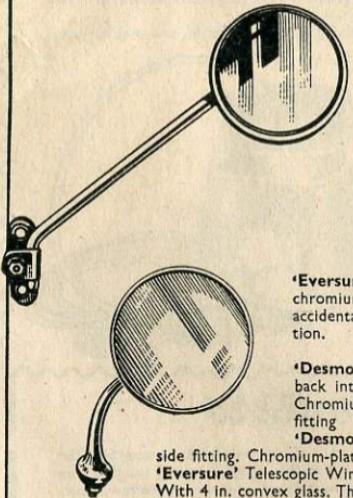

## EAT IN COMFORT

On week-end trips and longer holidays these Trays are found by many motorists to be invaluable, providing a firm improvised 'table'. The 'Brexton' folding Picnic Tray is made to fit over the back of car seats. P.V.C. sleeves protect the upholstery when the tray is in use. In strong Cream plastic.

27/6

# FOR ADDED SAFETY

For cars, commercial vehicles and vans, etc., where rear vision is obstructed by a wide body or large load. Screw fitting as illustrated, with 4 in. diameter flat glass; finished in hard wearing Black and Chrome.

6/-

Rectangular shaped Mirror Head, size  $4\frac{1}{2} \times 2\frac{1}{2}$  in. with convex glass. Black and Chromium head on long extension arm, plate fitting as the above.

9/9

'Eversure' Fly-back Wing Mirror with  $5\frac{1}{2}$  in. straight arm; chromium-plated finish. Convex glass  $4\frac{1}{2}$  in. diameter. If accidentally knocked the mirror returns to its pre-set position.

22/6

'Desmo' Boomerang Wing Mirror. Swings back into position if accidentally knocked. Chromium-plated, for left or right hand fitting

22/6

'Desmo' Wing Mirror suitable for off or near side fitting. Chromium-plated on brass. Convex glass.

16/6

'Eversure' Telescopic Wing Mirror. Ideal for Caravan towing. With 4 in. convex glass. The arm extends from 7 in. to  $11\frac{1}{2}$  in. Chromium-plated finish.

27/6

## ATTRACTIVE BADGES

Well made, attractive Badges bearing the insignia of the Services, etc. Enamelled and chromium-plated badge on chromium-plated background with 'St. Christopher' motif.

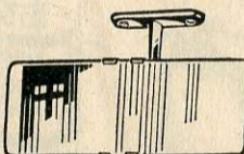

15/-

'St. Christopher' enamelled and in full colour 18/- The 'Desmo' 17 in. chromium-plated Badge Bar will add elegance to your car.

30/-

Badge Bars Clips for use with the above. 3/6

# CAR ACCESSORIES

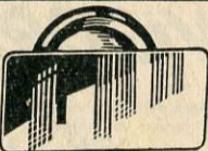

A very efficient, well made Interior Mirror. Complete with universal ball adjustment. Size  $6 \times 2\frac{1}{2}$  in., finished in gun metal colour.

3/6

'Press-to-fix' Vanity Mirror. For fixing to the back of a sun visor. Size  $5 \times 3$  in.

3/II

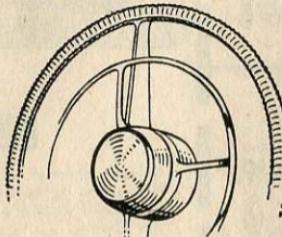

'Raydyot' Interior Mirror size  $4\frac{1}{2} \times 2$  in. Suction fitting with large rubber pad. The ball adjustment allows the angle of the mirror to be changed quickly.

7/-

'Barnacle' Interior Mirror with Silver enamelled fittings and steel reinforced Silver plastic arm and base. Slotted adjustment allows universal fitting. Shaped flat glass, size  $5\frac{1}{2} \times 2$  in.

8/6

## For Winter or Summer

A Wheel Glove makes all the difference when driving. 'Tudor' as illustrated in bright self-coloured plastic, easily cleaned. The 'Romac' Velvet covered, once in position will not slip. Both available in a wide range of colours and sizes.

6/-

12/-

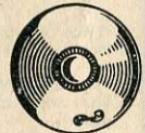

'Nustikon' adhesive bakelite model fitted with a St. Christopher emblem.

3/-

'Halfords' Self-adhesive Licence Holder. Easy to fix and remove; in Blue, Red, Cream and Grey.

1/9

## LICENCE HOLDERS

'Barnacle' suction fitting model fitted with a patent screw type device which creates a vacuum to keep the holder firmly in place. Attractively chromium-plated.

7/II

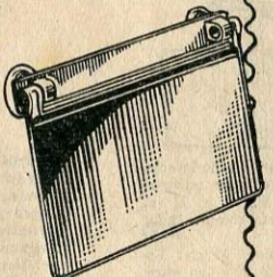

# CAR ACCESSORIES VISORS

'Zell-em' Self Adhesive Visors. Easy to put in place and remove.  
13 in. x 5 in. 2/9

# Beat Frost

'Halfords' Anti-frost Lamp. Made of best quality drawn steel with seamless tank and flame-proof gauze. The one piece chimney is made to give strength and durability. Outside wick control to heavy brass burner. Burns for 7-9 days without attention.

12/-

The 'Raydyot' Bonnet-type Heater, as shown is a very strongly made heater which will give years of satisfactory service. Burning for eight days at one filling it is also suitable for use in outhouses, and wherever there are cold water pipes.

20/5

'Desmo' hanging type Heater. Burns for 250 hours on one filling of 1½ pints. The fire-proof metal gauze ensures the utmost safety in close proximity to petrol vapour.

19/10

The 'Sirram' Sump pattern is a well made, strong Lamp with a leakproof oil container and brass burner — great value at such a low price.

19/-

'Halfords' Sump Heater. Made of good quality steel with a seamless tank holding sufficient paraffin to burn for 250 hours. With outside wick control and flame-proof gauze.

19/-

'Raydyot' Sump Heater with a capacity of four pints will burn for 200 hours without attention after one filling. The outside wick control allows for adjustment without removing the safety cover.

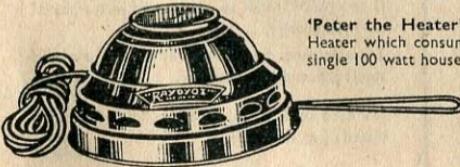

27/8

'Raydyot' tubular type Electric Heater for 220/250 volt. A.C. or D.C. mains. The 80 watt element consumes one unit of electricity in twelve hours.

24/7

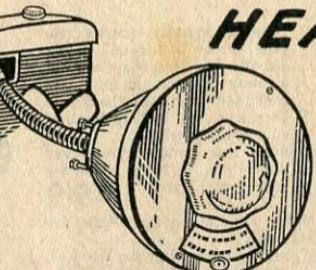

'Peter the Heater': A compact, tubular Electric Heater which consumes no more electricity than a single 100 watt house bulb.

21/-

'Raydyot' Sump Type Electric Heater 220/250 volts, 140 watts. Current consumption seven hours per unit. For A.C. and D.C. mains. Attractively finished in Gold enamel. Complete with cable. The best time saver of all.

# CYCLE ACCESSORIES

## BRAKES and SPARES

Your life depends on your Cycle Brakes! To ensure the best service from them it is essential that a regular check is made of the adjustment, and that the working pivots are adequately lubricated. In your own interests, fit good quality Brakes to your cycle. The 'Halfords' Caliper Brake is the finest value offered today. Specially produced for 'Halfords', this side-pull Caliper Brake is very powerful in action and will give long service. The special non-fray cable is enclosed in a waterproof outer casing. Supplied with touring pattern levers. All metal parts chromium-plated

Front Brake. 8/6  
Rear gent's and rear lady's. 8/11

'Phillips' 'Vox Pop'. A popular Brake with club riders; side-pull caliper pattern with centre-pin fitting. Fully chromium-plated with full adjustment for taking up wear of the blocks. Waterproof cable and special type lever. Front and rear, gent's and lady's.

11/2

'G.B.' Light alloy Brakes for the lightweight enthusiast and the keen sports rider. Made throughout from the finest quality, highly polished rustless light alloy. With silver coloured cables and hooded levers.

pair 38/-

'G.B.' Light alloy Brakes with 'super' hooded levers incorporating cable adjusters.

pair 40/-

Worn, rattling brakes are a danger signal. Roller Lever Brake sets are complete with fork guides and it takes only a few minutes to renew the entire Brake system on your bicycle. Made by a famous factory, these Brakes are of the highest quality and will give reliable service for many years.

'Phillips' 'Cosmos' Roller Lever set.

Front 9/5

Front 8/11

# TOOLS

## HOLTS SPECIALITIES

### Piston Seal

Reduces oil consumption, increases compression. 12 h.p.

15/-

From 12 to 35 h.p.

25/-

Motor cycle size.

8/6

### Compression Primer

For longer mileage between 'de-cokes'. Softens and removes carbon from cylinder-head and pistons.

3/6 and 2/6

### Loy Plastic Metal

A permanent repair for torn and damaged metal.

Tin 4/6. Tube 3/-

### Loy Solvent

For softening Loy Plastic Metal prior to application.

8 fl. oz. 4/6. 2 fl. oz. 2/6

### Loy Sheeting

Used for reinforcing Loy Plastic Metal repairs.

Minor size, 42 x 6 in. 9/-, Handy size, 12 x 6 in. 3/6

### Speedflush

The quick, easy way to clear the water system of grease, oil, sludge etc.

4/-

### Batrepair

A permanent acid-resistant material for repairing cracks in any type of Ebonite or Composition battery casing.

Per tube 3/6

### Battery Flush

A well used battery is not necessarily worn out. Use Battery Flush to clean and de-scale plates, enabling them to take up and retain a full charge.

For 12 volt Batteries. 12/6. For 6 volt Batteries. 7/6

### Fibre Glass Repair Kits

The perfect material for all repairs. Polyester Resin with Fibre Glass Reinforcement. Applications unlimited!

Fibre Glass Kit No. 1. 18/8. Fibre Glass Kit No. 0. 8/6

### 'Holt's' Laminating Service

For the specialist who wishes to build his own 'special' - boat, caravan, sidecar, etc. Similar materials to the above but more specialised and available in bulk quantities.

Information obtainable from all 'Halfords' Branches..

## OIL DRUM TAPS

'Full-flow' Oil Tap threaded to fit the standard 5-gallon oil drum. Aluminium cast with double ring locking attachment and sealing washer.

5/-

All brass with large lever and cork interior sealing washer.

6/-

## Funnels

For Paraffin, made of tinned steel with 3½ in. half covered anti-spill top and fine mesh gauze; the narrow filler is ideally suited for filling paraffin heaters.

11d.

Larger model of the above with 4 in. diameter top and fine mesh gauze.

16

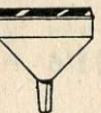

Suitable for filling petrol tanks, radiators, etc., with large anti-splash rim, made of good quality tinned steel; 6½ in. diameter with gauze filter. As illustrated.

2/6

Large rectangular pattern for garage use with special detachable gauze filter. Made of good quality tinned sheet steel with strongly soldered seams.

7/-

Flexible Polythene Funnel 5½ in. diameter.

2/3

## Oil Measures

### Government

Stamped tinned steel pourers as illustrated, with specially designed non-spill spout, sprayed

Green.

4/-

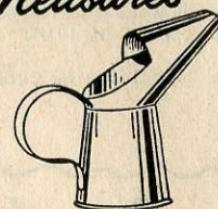

½ pint.

4/10

1 pint.

6/-

2 pints.

## OIL SYRINGES

Ideally suited for maintaining the oil level in the differential and other inaccessible places. There is no need to dismantle when filling, both models have a double action by which oil can be sucked into the pump and injected where it is needed. They are not, however, suitable for heavy oils.

All brass with one spout. 5/6

All brass larger model with three spouts of different lengths. 8/9

## SET PINS AND NUTS

B.S.F. Threads. Screwed to heads. Hexagon heads. Bright steel.

3/8 x 1 in. ¼ x 1 in. 3d.

½ x 1½ in., 7/16 x 1 in. 3½d.

5/8 x 2 in., ½ x 1½ in. 5d.

¾ x 2 in. 6d.

Nuts Only. Bright steel, hexagonal. B.S.F. threads.

7/16 in. doz. 3d. ¼ in. doz. 5d.

5/8 in. doz. 6d. ½ in. doz. 8d.

Self Tapping Screws. Standard raised heads. Zinc coated.

¾ in. x 4G doz. 4d. ½ in. x 8G doz. 6d.

## PRESS STUDS

For fastening cloth to wood, such as sidecar hoods. Nickel-plated finish.

each 6½d.

For securing cloth to cloth. Will not tear the material.

each 6½d.

With pin and nut for securing cloth to metal.

each 7½d.

'Veltex' Carpet Fasteners.

each 5½d.

## Turnbuttons

Nickel-plated finish, single pattern for fixing material to wood or metal.

each 6d.  
each 6½d.

Double pattern.

Turnbuttons for fixing cloth to cloth.

each 6d.

## DRIP TRAYS

Heavy galvanized steel, size 21 X 15 X 1½ in. A most useful size which will come in handy for a great many purposes. Draining oil, washing down small parts with paraffin and, of course, as a drip tray for catching engine oil.

5/6

## JOINTING COMPOUNDS

Suitable for cars, motor cycles, scooters, mopeds and in fact all machines where gas- and oil-proof joints are needed.

'Osotite' 4 oz. tins 3/- tubes 1/6.

'Hermetite' 4 oz. tins 3/7 tubes 1/10.

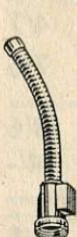

'Hermetite Red 5400' 5 oz. tins 3/7 tubes 1/10.

'Gasket Goo' ½-lb. tins 5/- tubes 1/6.

'Wellseal' 6 oz. tubes 2/1.

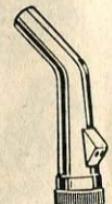

## TOOLS

## PETROL POURERS

These pourers will quickly save their cost and, of course, they prevent the real danger of spilled petrol igniting. With a standard thread which is used for petrol cans. Die-cast with mottled finish and built-in fine gauze filter.

6/-

Petrol Pourer fitted with a 9 in. length of flexible tubing. The easy way of filling awkwardly placed petrol tanks.

8/6

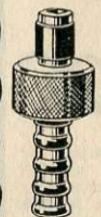

## HOSE AND FITTINGS

Lightweight Black plastic Hose for the garden and car cleaning; ½ in. diameter in 60 ft. coils less fittings.

13/11

'Dunlop' Hose in lightweight easy-to-handle plastic complete with tap connection and adjustable spray/jet. 60 ft. coil.

35/-

## TAP UNIONS

'Fero' unions. The latest drip-free ½ in. tap union made of durallium with a rubber washer on the tap insert which is expanded by turning a knurled nut to grip the inside of the tap. As illustrated.

5/3

# TOOLS

# OILS & GREASES

## CASTROL ENGINE OIL

'Castrolite'. A light-bodied 'balanced' multi-grade oil ideal for use during cold weather in most car engines. S.A.E. 20W (20/30).

Quarts 4/3 5-Gallon  
Gallons 15/3 Drum 67/6 Pints 2/5½

'Castrol XL'. The ideal medium-bodied lubricant for the majority of cars. (S.A.E. 30).

Quarts 4/3 5-Gallon  
Gallons 15/3 Drum 67/6 Pints 2/5½

'Castrol XL'. A heavy-bodied oil for use in many high-efficiency car engines in summer or in engines whose oil consumption is excessive. (S.A.E. 40).

Quarts 4/3 5-Gallon  
Gallons 15/3 Drum 67/6 Pints 2/5½

'Castrol Grand Prix'. An engine oil, the heaviest in the range. (S.A.E. 50).

Quarts 4/3 5-Gallon  
Gallons 15/3 Drum 67/6 Pints 2/5½

'Castrol Two-Stroke' Self Mixing. Mixes instantly with any grade of petrol.

Quarts 4/3 5-Gallon  
Gallons 15/3 Drum 67/6 Pints 2/5½

'Castrol R'. The Racing Oil. Used to break more records than any other lubricant. Quarts 7/- Gallons 26/2 Pints 3/9½

## CASTROL GEAR OIL

'Castrol S.T.' A light gear oil with fortifying additives. (S.A.E. 90). Quarts 4/3 Gallons 15/3 Pints 2/5½

'Castrol D'. A heavy-bodied gear oil with fortifying additives. (S.A.E. 140). Quarts 4/3 Gallons 15/3 Pints 2/5½

'Castrol Hypoy' Light (Hypoy 80). A very light extreme pressure gear oil. (S.A.E. 80EP).

Quarts 4/6½ Gallons 16/3 Pints 2/9½

'Castrol Hypoy'. A heavier grade of the above. (S.A.E. 90EP). Quarts 4/6½ Gallons 16/3 Pints 2/9½

'Castrol Hi-press'. A medium-bodied extreme pressure gear oil. (S.A.E. 140EP). Quarts 4/6½ Gallons 16/3 Pints 2/9½

## A Top Grade Oil for 9/- a gallon

The fully guaranteed quality of 'Silver Knight' Oil will appreciably reduce day-to-day running costs of cars and motor cycles. Four grades are available for all types of engines during summer and winter.

S.A.E. 50. A heavy oil ideal for single cylinder motor cycles, and worn engines which burn oil.

Quarts 3/- Gallons 9/-

S.A.E. 40. A medium heavy type of oil normally recommended for summer motoring.

Quarts 3/- Gallons 9/-

S.A.E. 30. Medium oil, the most popular grade for winter use.

Quarts 3/- Gallons 9/-

All the above grades are available in 5-gallon drums with provision for tap. 37/6  
10W/30. A balanced Multi-grade oil for summer and winter use in all unwarmed car engines. Gallons 12/9

20W/30 Gallons 12/9  
20W/50. For all four-stroke motor cycles (and cars with heavy oil consumption).

Gallons 12/9

**SILVER KNIGHT FLUSHING OIL**  
Specially prepared for flushing engines prior to changing the normal lubricating oil. As it is very 'thin' it reaches all the sludge traps and effectively collects the harmful products of combustion so increasing the life of the engine.

Quarts 3/- Gallons 8/6

## SILVER KNIGHT QUIK-MIX

Fully tested self-mixing oil for two-stroke motor cycles, mopeds and scooters. After prolonged bench and road tests it has been found by the manufacturers to minimize deposits of lacquer on the pistons and reduce the formation of carbon deposits.

Pints 2/10 Gallons 16/6

DUCKHAMS - FILTRATE MOBIL - SHELL AVAILABLE

## CASTROL GREASE

C.L. Light. A semi-fluid chassis lubricant, adhesive and waterproof.

Lb. 2/8

Medium. A smooth, soft grease for chassis lubrication and for motor cycle gearboxes.

Lb. tin 2/10

Rubber Grease No. 3.

Lb. tin 5/3½

All the above available in larger sizes.

## Running in Compounds

### CONTAINING 'DAG' COLLOIDAL GRAPHITE

The wise motorist whether running-in a new or a reconditioned engine insists on using running-in compound. The graphite in these compounds adheres tenaciously to all the vital surfaces and provides a permanent film of great strength which helps to reduce friction, giving cooler, smoother running.

'Filterite' Colloidal Compound.

## Molybdenised Lubricants

These fully tested and approved products are gradually bringing about a revolution in industry and motor vehicle maintenance. They successfully reduce engine friction and bearing wear to an extent hitherto unknown. The discerning motorist who wants the maximum performance and the longest life will not hesitate to use these remarkable new products. For more m.p.g., lower running costs, greater power through less friction, a cleaner, smoother running engine, use a 'Moly' additive. 'Rocol Molysept' an additive to sump, gearbox and back axle oils.

# CLOTHING

## Keep Warm and Dry

'Ironhyde' Competition Coat. Pass through the worst downpour Britain's weather can produce and a few moments later this coat is absolutely dry!

The heavyweight fabric is produced by forcing the P.V.C. into the cloth, which results in an extremely strong, tear-resistant material, supple, unaffected by long exposure to the weather, and completely waterproof at all times. Complete with detachable lining, 'tummy pad' and leg attachments.

**£7-5-0**

Terms: 29/- deposit and 26 weekly payments of 4/10.

The 'Duplex' Stormcoat. Highest quality fawn gaberdine with rubber backed weatherproof seams. The side pockets are adequately protected by wide button fastening flaps and the map pocket is put at an angle on the chest. Leg attachments and 'tummy pad' are neatly concealed.

**£6-14-6**

Terms: 27/- deposit and 26 weekly payments of 4/6.

## THE ENTHUSIASTS COAT

The 'Meteor'. One of the most popular motor cycling coats favoured by the long-distance touring enthusiast for its ability to withstand heavy downpours of rain and yet retain its style and shape. Cut from the best heavyweight fawn gaberdine, it is interlined with a full-length oil cambric lining. During the cold weather a winter-weight woolen fleece lining can be quickly zipped into place. The self-adjusting neck scarf ensures a close but comfortable fit at the collar. As with all good quality motor cycling coats the 'Meteor' has an adjustable 'tummy pad' and the cuffs are bound with leather to prevent fraying.

**£10-10-10**

Terms: 42/- deposit and 26 weekly payments of 7/-.

# ALL WEATHER PROTECTION

**'Black Prince'.** A superbly styled motor cycling suit made of P.V.C. impregnated material. Strong, lightweight and fully fleece lined; ideal for the all-weather rider. Jacket: Thigh length with wide overlap secured by zip and press studs. Trousers: Brace type for the fullest protection with side buckles and ankle straps. In all usual sizes.

Jacket £4.2-6 Trousers £2.12-6

Suit £6.12.6

or 27/- deposit and 26 weekly payments of 4/6

**'Continental Suit'.** A popular two-piece suit made of easy to clean P.V.C. impregnated material with welded seams. Will keep you warm in winter and cool and dry in summer. Jacket: Waist length with high storm collar. Trousers: With adjustable ankle and waist fastenings. All usual sizes available.

Jacket £3.6-0 Trousers £2.2-0

Suit £5.5.0

or 21/- deposit and 26 weekly payments of 3/6

**'Supersail'.** Made from hard wearing hide grained, fully fleeced, plasticated fabric sealed by the latest, improved methods to give trouble-free wear. Jacket: Zip fronted with wide, studded overlap. Trousers: High fronted elasticated waist and zip side opening.

Jacket £3.15.0 Trousers £2.5-0

Suit £5.17.6

or 24/- deposit and 26 weekly payments of 4/-

## CLOTHING

### FOR THE HARD-RIDING MOTOR CYCLIST

**'Trialmaster' Suit.** A completely new motor cycling suit designed to give perfect protection combined with the greatest comfort. Made from high grade long staple yarns closely woven to ensure high tensile strength in a very hard-wearing fabric. The proofing ensures that the fabric is fully waterproof, thorn proof and rot proof under the severest conditions. Jacket: Made with four roomy pouch pockets; zip-fastening front with additional studded overlap. Ready fitted up to take a special detachable lining. Trousers: Fully lined with reinforced seat and knees and fitted with adjustable ankle straps. Available in Black or Olive shades. All usual sizes available.

Jacket £5.14.6

Trousers £4.12.6

Suit £9.19.6

Detachable lining 18/11 extra.  
Terms £2 deposit and 26 weekly payments of 6/8.

# CLOTHING

## Attractive Scooter Coat

A full-length, well-tailored, waterproof coat made specially for scooter riders who wish to combine the comforts of keeping dry and warm with looking colourful and more attractive. The 'Nonbetta' Coat, made by experts who are familiar with all the problems of designing weatherproof clothing, is a superbly styled garment, available in a variety of materials with a wide wrap-over double flap for chest protection, inverted back saddle vents and deep pockets with vertical openings. All the seams are fully waterproofed. The colours of the plasticated fabric include Wine, Green, Brown, Black, and an attractive Tweed Effect,

**22/6**

Heavyweight Fawn Double-texture Leggings made of very strong gaberdine, fitted with zip fastener opening with chain and leather footstraps. Leg sizes: 28, 30, and 32 in.

**31/6**

## TROUSER BANDS

Best quality spring steel Trouser Bands with Blued finish. The best value obtainable, pair

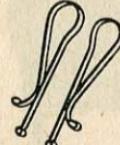

Plastic covered spring steel Trouser Bands. Will not damage the clothing and cannot rust or tarnish **10½d**.

White Nylon Trouser Bands will maintain their gripping qualities indefinitely and never rust, pair **1/4**.

'Terry's' push-up type Trouser Clips as illustrated. These clips are very popular with many people because they can be slipped into a pocket without causing it to bulge. pair

**9½d**

## SEATLESS TROUSERS

Well tailored Fawn double-texture material — two thicknesses of gaberdine with a middle layer of rubber. The shaped legs ensure a comfortable fit. Zip fastener ankle opening with chain and leather footstraps. Ideal for use by motor cyclists who prefer a full length riding coat. Sizes: 28, 30, and 32 in. Inside leg.

**45/9**

## Pull-up Leggings

Separate waterproof trouser legs fitting the full length of the thigh and fastening with braces at the top. Plain open end at the foot, with security straps. Made of good quality gaberdine material, light in weight and very strong. Sizes: 28, 30, and 32 in. leg. Fawn or Navy-blue single texture.

**17/-**

## Plastic Macs and Leggings

Lightweight peaked Caps made of strong Black plastic with elasticated headband.

**2/11**

Plastic Macs. The complete answer to summer showers and heavy rain whether you are shopping, holidaying or travelling about; so light and so compact, they can easily be slipped into a coat pocket. All the seams and the plastic buttons are fully welded. Gent's sizes: 34, 36, 38, 40, 42, 44 in.

**14/11**

A slightly heavier type of the above being .008/.009 thou. material. Fitted with flap type, reinforced pockets with all seams and the plastic buttons fully welded. Gent's sizes: 34, 36, 38, 40, 42, 44 in.

**21/-**

Black Plastic Overtrousers. With the Plastic Mac and Cap above, these make the perfect combination for wet weather. Made of strong Plastic with waterproof seams and elasticated waist. Sizes: 28, 30, and 32 in. inside leg.

**12/11**

# CAPES AND LEGGINGS

**Halfords' P.V.C. Capes and Leggings** are the finest quality obtainable, being made from strong plasticated fabric by a method which ensures that the plastic coating impregnates the fabric of the garment and results in a superstrong material which is practically untearable and guaranteed waterproof in all weathers. Capes, Leggings and Sou'westers are available in Black or Gold. For cyclists who do much night-riding, the Gold coloured set is recommended because it is so easily seen in the light of motor headlamps.

Capes, 42 in. long with 126 in. skirt to allow full freedom of movement and adequate ventilation to reduce condensation. All-welded seams. Black or Gold with zip fastener opening.

25/11

24/6

As above but with button opening. Juvenile size Capes, as above, button opening. Length 36 in., skirt 112 in.

22/11

Leggings, Black or Gold, with all welded seams, button fastening and leather strap to fit under the foot. Made in three sizes: 28, 30 and 32 in. inside leg.

17/11

Sou'westers, Black or Gold, with all welded seams. Sizes: Small, 6/1 Medium and Large.

**Halfords' Lightweight Gold Plastic Capes** with press stud opening. Top Value for the cyclist. Full Size: 42 in. length, 110 in. skirt. Can be easily and quickly rolled and carried in a pocket.

14/11

**Halfords' Best quality, extra large size oilskin Capes**, 45 in. long with 136 in. skirt. Ventilated back and lined shoulders to ensure longer-than-average life and complete weather protection. The diagonal opening of the front is fastened by lightweight zip and a leather strap and buckle at the collar. ## ROAD & FOG LAMPS

'Butlers' shallow 'Saucer' design. Optically finished by the latest 'aluminizing' process, the reflectors assure the maximum light output. Long Range Road Lamps. Clear lens, 6 or 12 volt. **53/-**

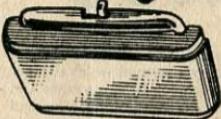

'Butlers' Fog Lamp, fitted with specially fluted clear lens, 6 or 12 volt. Amber lens, 6 or 12 volt. **53/6**  
**55/6**

'Raydyot' D.L. 77. The shallow, fully chromium-plated body, size  $3\frac{1}{2}$  in. deep and  $5\frac{1}{2}$  in. in diameter, has a block pattern lens and a pre-focus hooded bulb which is easily replaced without dismantling the lamp. 6 or 12 volt. **60/-**

'Notek' superb Road Lamps with finger-tip adjustment and 'fly-back' action if accidentally moved. The Farlite long-range Driving Lamp is made of the very highest quality materials. Being only  $2\frac{1}{2}$  in. deep it will easily fit the restricted frontal areas of modern cars. The distinctive lens design gives a strong pencil beam capable of picking out objects at a great distance. Heavily chromium-plated and complete with pre-focus bulb, fixing bracket and cable. 6 or 12 volt. **69/-**

The 'Notek' Nearlite is a fog lamp with a wide angle beam. 6 or 12 volts. **69/-**

## Roof Lamps

A low priced Roof Lamp with a pressed steel base and extra large White plastic lens.

Less bulb. **5/-**

'Raydyot',  $4\frac{1}{2}$  x  $2\frac{1}{2}$  in., with switch. Less bulb. **11/-**

'Desmo' high quality Roof Lamp. Size  $4\frac{1}{2}$  x  $1\frac{1}{2}$  in., with strong switch.

Less bulb. **10/6**

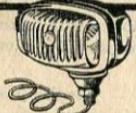

## WING LAMPS

'Raydyot' model, rubber mounted with curved foot. In Ebony Black, with 6 or 12 volt bulb. **11/-**

Miniature streamlined Wing Lamp. Fully chromium-plated. 12 volt. **12/6**

## Reversing Lamps

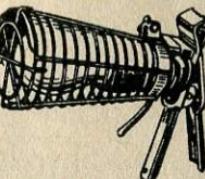

'Halfords' model in pleasing, modern design fully chromium-plated with 6 ft. of cable; 12 volt. A 'value for money' line, guaranteed by the name of 'Halfords'. **15/-**

'Desmo'. Latest style Reversing Lamp giving a very powerful light and fitted with means for both vertical and lateral adjustment. Complete with 6 or 12 volt bulb. **30/-**

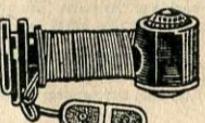

## INSPECTION LAMPS

A garage Inspection Lamp makes many routine maintenance jobs easier. Black wooden handle model with wire bulb guard and leather strap for hanging; Less bulb and cable. **7/11**

'Stadium'. With all-rubber handle and built-in switch. **12/6**

'Gripper'. The specially shaped jaws of the crocodile clip will hold the lamp firmly to any projecting ledge. Less bulb and cable. **20/-**

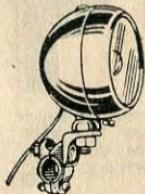

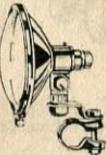

'Baby Gripper' Lamp; battery operated with clips for attaching to battery terminals. Less bulb. **12/-**

'Barnacle' combined Parking and Inspection Lamp. In moulded rubber for window fitting. Complete with bulb. 6 volt and 12 volt. **17/4**

Also in plastic, 6 volt and 12 volt. **11/9**

## MOTORCYCLE Spot Lamps

'Halfords' Spotlamp, with attractively designed, modern shallow body. Fully adjustable focus, with clip for  $\frac{1}{2}$  in. bars. 6 volt. 30 watt bulb. Chromium-plated. 19/6

'Raydyot' Spotlamp,  $4\frac{1}{2}$  in. front, fully chromium-plated body, adjustable fixing clip suitable for 1 in. or  $\frac{1}{2}$  in. handlebars. Adjustable focus. 6 volt. 43/-

The 'Cibie' Shallow type spot-lamp,  $3\frac{1}{2}$  in. diameter front, with universal fixing clip. 35/-

'Wipac' Foglamp or Spotlamp. The lamp to set off any machine. With bracket to fit the crashbar or the handlebars. Fully chromium-plated. 6 or 12 volt. As illustrated. 38/6

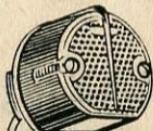

'Miller' Spotlamp. With lens specially designed to give a strong beam. 6 or 12 volt. 44/-

## SIDECAR LAMP

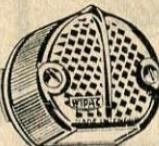

'L.E.P.' A well-designed Sidecar Lamp with heavy rubber-mounted chromium-plated body; dome shaped, projecting lenses showing Red and White. 11/6

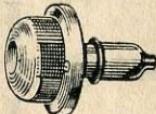

'Wipac' Circular type with rib strengthened Diakon lens and number plate illuminating window. Complete with two bulbs and two snap-in connectors. 11/6

## Tail Lamp

'Wipac' combined Tail Lamp and number plate illuminator. The large circular lens, with a built-in Diakon reflector, can be seen from all side-angles. Complete with 6 volt bulb and snap-in connector. 9/-

## STOP-TAIL LAMPS

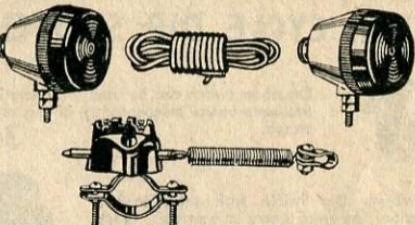

Driving at night and during the day is SAFER if a Stop Lamp is fitted. The extra braking distance provided by the instant warning can make all the difference!

'Tailmaster' with chromium-plated body, rubber mounted and fitted with separate lenses. Complete with bulbs. 10/6

'Sparto' Stop-Tail Lamp fitted with Diakon all-plastic lens and bulb. Sturdily constructed and easy to fit; with good quality connections. 12/-

## ELECTRICAL GOODS

'Stadium' Stoplamp Set for fitting to machines equipped with tail lamp only. Set consists of two strong plastic lamps, good quality stop-swatch and cable. 10/6

'Stadium' Stop-Tail Lamp. Fitted with two stop bulbs and one tail bulb. With built-in Red reflector and plug-in leads. 15/-

Indispensable for safer night driving and negotiating heavy traffic. 'Autocrat', a popular Stop-Tail Lamp, with wide-angle, waterproof lens, complete with twin filament bulb. 14/6

# ELECTRICAL GOODS

## MOTOR CYCLE DIP SWITCHES

On-off-on switch can be used for operating headlamp beams independently of the main switch.

3/-

Two-way Dip Switch with quick positive action. The lever is easy to operate with the gloved hand.

2/9

Good quality combined Horn Push and Dip Switch. Chromium-plated with an adjustable clip suitable for  $\frac{3}{8}$  in. and 1 in. handlebars.

6/6

'Miller' smooth action combined Horn Push and Dip Switch. Fully chromium-plated with universal clip.

6/-

Combined Engine Cut-out, Dip Switch and Horn Push. Fully chromium-plated with universal clip.

6/-

## SWITCH PANEL

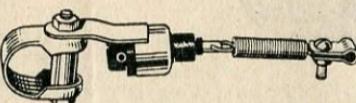

'Bonne' Panel, complete with 3 Push-Pull switches, plug and socket.

As above, but with 4 switches, plug and socket.

13/6

19/6

## Stop-Tail Switches

### MOTOR CYCLE

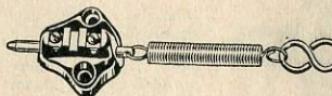

'Wipac' model, fully weather-proofed. A third terminal is provided for use with a side-car stop-lamp. As illustrated.

5/6

A safety device appreciated by all road users.

Black plastic model complete with spring and clip.

4/6

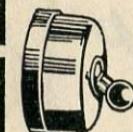

### CAR

Bakelite pattern, two-hole, plate fitting. As illustrated.

4/-

Heavy duty type, two-hole, plate fitting.

5/6.

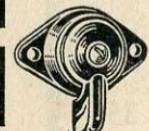

## SWITCHES

Small, neat pattern on off tumbler Switch with nickel-plated cover and bakelite base-plate. A useful switch for a variety of electrical accessories.

1/9

Panel mounting Direction Indicator Switches. Three position type in strong bakelite.

2/9

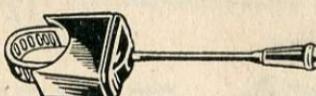

Black bakelite panel mounting Switch with small Red indicator light which comes into operation when either of the direction indicators is working. 6 or 12 volts.

8/6

'Trico' one-hole fitting Indicator Switches. Easy to operate flick action.

5/6

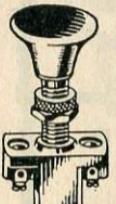

Joystick Dip-switch, on/off with clip for steering column mounting and illuminated knob. 6 or 12 volts.

18/6

Joystick Indicator Switch, three position, similar to above. 6 or 12 volts. As illustrated.

18/6

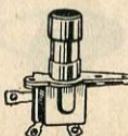

Popular Switches for use with spot and fog lamps. Push Pull type, strongly made with firm brass terminals giving a positive action. Single-hole fitting for facia mounting with either Black or White knob.

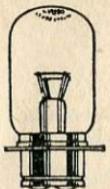

3/6

Floor-board mounting Dip-switch. Robustly made with positive action mechanism.

6/9

## BULBS

British Pre-Focus Bulbs for use with all modern 'Lucas' headlamps. 12 volt, 42 x 36 watts Transverse filament giving a Left Hand dip beam. (3.5 x 3 amps) **5/2d.**

British Pre-Focus Motor Cycle Type. 6 volt, 30 x 24 watts. Transverse vertical dip (5 x 4 amps). **5/9 1/2d.**

**Headlamp Bulbs.** (Single contact) 6 volt, 24 watts (4 amp) **2/11**  
6 volt, 36 watts (6 amp) **3/2 1/2d.**  
6 volt, 48 watts (8 amp) **6/4 1/2d.**  
12 volt, 36 watts (3 amp) **2/11**  
12 volt, 48 watts (4 amp) **4/8**

**Side and Tail Lamp Bulbs.** 6 volt, 6 watts Single contact **1/9**  
Double contact **1/9**

12 volt, 6 watts Single contact **1/6 1/2d.**  
Double contact **1/6 1/2d.**

**M.C.C. Bulbs** for Miniature Bayonet Holders.  
12 volt, 2.2 watts. British. **1/4 1/2d.**

12 volt, 6 watts. British. **1/8**

**S.B.C. Twin Filament** For Stop and Tail Lamps.  
6 volt, 18 x 6 watts. Straight or offset pins **4/1**

**L.E.S. Indicator Bulbs.** With plain or screwed shank; as fitted to many illuminated switches. 6 or 12 volt. **2/4**  
**Festoon** trafficator and roof lamp bulbs.  
6 volt, 3 watts, 7.5 mm. diameter. **2/7 1/2d.**  
12 volt, 3 watts, 7.5 mm. diameter.  
**2/7 1/2d.**

### HALFORDS SPECIAL VALUE BULBS

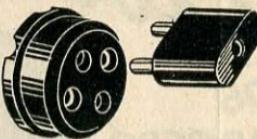

Single or double contact Side or Tail Bulbs.

6 volt, 3 watts. **1/-**  
12 volt, 6 watts. **1/-**  
Festoon Bulbs 6 or 12 volt, 3 watts, narrow type. **1/8 1/2d.**  
Signalator Bulbs. 6 volt, 15 watts or 12 volt, 15 watts, small head S.C.C. **2/2 1/2d.**

## PLUGS AND SOCKETS

Miniature 2-pin Plug and Socket suitable for use with Inspection Lamps, Battery Chargers etc. In strong bakelite with brass terminals. Two-pin plug. Socket for above. **10 1/2d.**  
Adaptor. **1/2**

**9d.**

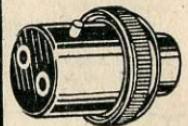

## Lighting Cable

Single Black or coloured glossy cable, 23/36 (9/012) 4 amp. load. per yard **7 1/2d.**  
Single Black or coloured glossy cable, 40/36 (14/012) 7 amp load. per yard **10 1/2d.**  
Single Black or coloured glossy cable, 70/30 (28/012) 14 amp. load. per yard **1/-**  
Single Black or coloured glossy cable, 110/36 (44/012) 19 amp. load. per yard **1/3**  
Twin Black glossy cable, 23/36 (9/012) 4 amp. load. per yard **1/-**  
Twin Black glossy cable, 40/36 (14/012) 7 amp. load. per yard **1/6**

Single contact, double ended Lamp Holder with one adaptor. **3/II**

Double contact plated, double ended Lamp Holder with one adaptor. **3/II**

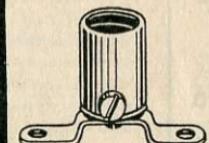

Single contact Adaptor for the above. **1/9**

Double contact plated Adaptor for the above. **1/9**

Brass Miniature Batten Holders. Small bayonet cap fitting, single or double contact as shown.

Brass miniature Cord Grip. S.B.C. Single or double contact.

2/6

2/6

All brass Lamp Holder to take small screw fitting bulb.

**6d.**

## Cable Connectors

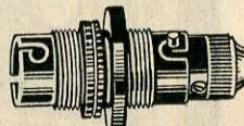

Genuine 'Lucas' 'screw-in' connector **1/-**  
Rubber covered, 'snap-in' connectors, one-way. **2/9** for 10.  
Rubber covered 'snap-in' connectors, two-way. **1/-** each. Snap-in nipples **1/6** for 10.

# Car BATTERIES

## HALFORDS BATTERY CHARGERS

### Special Value Chargers

Well constructed Battery Chargers at a fraction of the usual price. The 1½ amp. models fitted with cables and clips are for use with either 6 or 12 volt batteries.

**37/6**

Similar model to the above but fitted with an easy to read ammeter to indicate the rate of charge.

**49/6**

Only if your battery is fully charged can it cope with the extra loads imposed by long periods of parking and starting in temperatures near freezing point. These difficulties can easily be overcome by using a Battery Charger. 'Halfords' Home Battery Chargers, made of the highest quality materials, are economical in use and provided with most efficient charging circuits. All are fitted with safety fuses, charging rate meters, cables and clips.

Economical 1½ amp. model

**£3-15-0**

The heavy-duty 3 amp. model, as illustrated, will recharge a battery overnight in complete safety.

**£4-15-0**

or 19/- deposit and 26 weekly payments at 3/2  
De Luxe 5 amp. model, for the highly stressed battery.

**£6-5-0**

or 25/- deposit and 26 weekly payments at 4/2

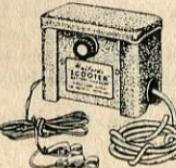

Is your Battery past its first youth? Renew it at 'Halfords' and feel the difference as soon as you press the starter.

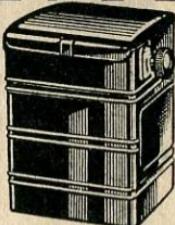

Each of 'Halfords' 236 branches throughout the country has available a wide range of 'Silver Exide' and 'Lucas' Starter Batteries to fit the majority of popular cars from pre-war to the very latest models. All are guaranteed fully charged and ready for fitting. So that you can obtain yours immediately, all Car Batteries over £4 are available on Halfords Self-financed Easy Terms. Get your new Car Battery TODAY from your nearest 'Halfords' branch.

## SCOOTER BATTERY CHARGERS

A Scooter battery kept in first-class condition will give many more seasons of service. Get the best from your battery by using regularly one of these fine Battery Chargers, produced specially for riders of scooters and lightweight motor cycles. For 6 volt batteries; ½ amp. charging rate.

**32/6**

## AND SCOOTER BATTERIES

'Halfords' 'value for money' 6 volt Motor Cycle Battery. Now further improved with the terminals located beneath the cover to give maximum protection from damage, dust and moisture. Guaranteed long life, full capacity with the latest fibre-glass separators. Dry-charged for freshness.

**32/6**

'Lucas'. For two-stroke and four-stroke light-weight motor cycles.

Uncharged

**£1-17-0**

'Lucas'. Standard motor cycle battery with all the latest improvements. 6 volt, 7 plate with screw type or loose lead terminals.

Uncharged

**£2-4-0**

'Lucas'. Sidecar heavy-duty type. 6 volt, 20 amp. hours at 10 hour rate. With linkless intercell connectors and unspillable filler caps. Also suitable for lightweight cars.

Uncharged

**£3-11-0**

'Exide'. 6 volt Motor Cycle Battery with latest type separators encased in hard rubber container. With quick action screw terminals.

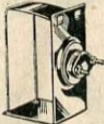

Uncharged.

**£2-4-0**

All types of 'Exide' and 'Lucas' Scooter Batteries, fully charged, are available at every 'Halfords' Branch.

## Battery Carriers

For older machines not fitted with Battery Carriers and replacements for damaged Carriers where they are bolted to the frame. Made of strong sheet steel designed to hold the standard size 6 volt motor cycle battery. Finished in good quality Black enamel. Lightweight type 6/3 as illustrated.

Genuine 'Lucas' Battery Carriers made to fit the maker's standard size motor cycle battery. The fully adjustable swivel mounting will fit frame tubes at all angles to ensure that the battery is fitted upright. The top holding plate is easily loosened for routine battery maintenance. Complete with distance plates to fit all frame sizes

10/6

## BULGIN PLUGS

Two-pin shrouded Plug and Socket specially made to prevent reversing of the battery terminals to a battery charger. Made in strong bakelite with bracket for screwing to a convenient mounting in the Car. Complete 4/6  
Bracketed spare Plug for above 11/11.

## BATTERY TERMINALS

Good quality heavy-duty terminals. Solder Type. Positive and negative.

1/10 each

Screw fixing terminals giving good electric connections. Best quality, heavy-duty. Positive and negative.

2/3 each

## HYDROMETERS

### For longer Battery life

A useful accessory which will give a good indication of the condition of the battery, and can also be used with distilled water as a battery filler. All with easy to read scales.

Handy size for all motorcycle and scooter batteries. 3/11

Junior Car model with clearly marked scale. 5/6

Heavy-duty model for large capacity batteries. 8/8

## Distilled Water

Water is always evaporated as the battery is being charged and even more so during the hot summer months, but to get the best service from your battery it is essential to keep the correct level of acid and water in the cells. A fortnightly check, adding water when necessary, will yield ample reward in increased battery life.

1/1 per quart bottle.

## WATER POURERS

'Lucas' Water Pourers. Glass bottle specially shaped for easy handling; with maker's patent correct level, non-spill pourer. Car size.

Smaller size for motor cycle batteries. 'Veedip' strong coloured plastic water pourer will fit any large bottle top.

1/-

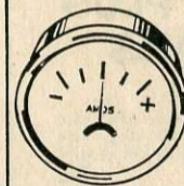

'Exide' Black rubber controlled-flow water pourers to fit any pint or half-pint bottle.

2/9

## ELECTRICAL GOODS

### Ammeters

Flush fitting 8-0-8 amps. 2 in. diameter. White face with chromium-plated bezel. 8/9

Flush type for motor cycles 8-0-8 amps. 2 in. diameter. 12/6

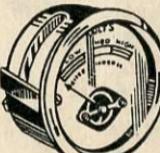

To fit 'Miller' headlamps 8-0-8 amps. 12/6

1 1/2 in. flush-fitting type easily fitted and simple to wire up. 20-0-20 amps. or 30-0-30 amps. Black figures on White face with chromium-plated bezel. Guaranteed.

10/3

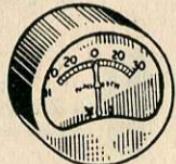

2 in. diameter flush fitting 20-0-20 or 30-0-30 amps. White figures on Black face with chromium-plated bezel. Guaranteed.

12/6

'Neo' flush fitting Battery Capacity Indicator with 2 in. White dial; 6 or 12 volt.

30/-

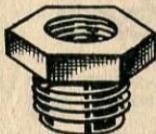

'Neo' steering column fitting Battery Capacity Indicator with 2 in. White dial; 6 or 12 volt.

35/-

'Neo' White Ammeter to match the above with fixing clip.

25/-

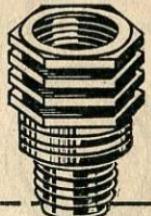

# ELECTRICAL GOODS

## SPARKING PLUG ADAPTORS

For stripped sparking plug threads which have been bored out to 18 mm. By using these Adaptors the normal 14 mm. plugs can be used.

1/-

'Dexter' Adaptors. Stop plugs 'oiling up' and prevent engine knocking! By lifting the plugs out of the combustion chamber these Adaptors lengthen plug life and improve engine performance. 14 x 14 mm. and 14 x 18 mm.

1/9

## Sparkling Plug Terminals

Brass Plug Terminals, useful for attaching leads to plugs where room is restricted. 7 mm.

2½d.

Milled replacement nuts for 'Lodge' plugs.

2d.

Spring clips for use with 'K.L.G.' sparking plugs.

1d.

'Champion' H.T. lead connections in strong, black bakelite. Specially made for plugs which are deeply recessed into the cylinder head. As illustrated.

9d. each

# SPARKINGPLUGS

NEW Sparking Plugs, whether for a car, motor cycle, scooter or moped will make a world of difference to engine performance and show a saving of petrol. With multi-cylinder engines the wisest policy is to renew all the Plugs together.

'Lodge' with 'Sintox' Insulation. Specified by the makers of Triumph and Standard cars.

5/- each

With silver centre electrodes. Specially designed for Two-stroke engines.

6/- each

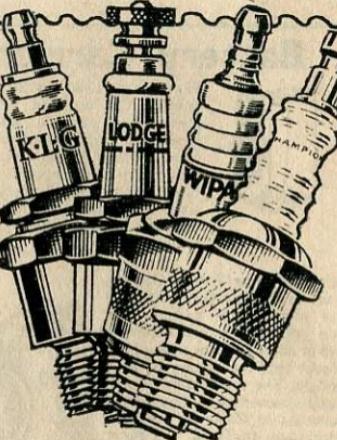

'K.L.G.' Fitted with 'Hylumina' Insulation, originally developed for aircraft and racing use.

5/- each

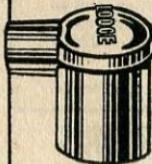

'Champion' with 'Champion-Ceramic' Insulation. Fitted as original equipment by the majority of car manufacturers.

5/- each

'Wipac'. With the famous 'Blue Aluminox' Insulation. Guaranteed performance at a reasonable price. 3/6 each

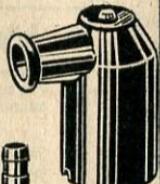

## Waterproof Covers

'Lodge'. The best method of preventing water and condensation short-circuiting the ignition system. Strong Bakelite; covers the plug insulation.

1/6

'Champion'. For use with the maker's plugs, these covers obviate the need for constant cleaning of the plug insulation. With spare nut.

1/6

'K.L.G.' Waterproof cover as shown.

2/-

'K.L.G.' as above, but including suppressor.

2/6

## Plug Testers

Trace faulty leads and plugs with the 'Neo' Plug Tester. Small pencil type with indicator light and pocket clip.

3/9

# Battery Front Lamps

All metal body, in Silver, rust-proof finish. Dome shaped glass with  $2\frac{1}{2}$  in. reflector.

Complete with battery and bulb. **4/10**

'Starlite' Minor. Silver finish and screw type switch. Robust bracket, easily fitted. Ideal for children's tricycles as well as adult size cycles.

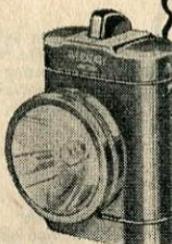

Complete **5/-**

'Ever Ready' Front Lamp. With waterproof switch, strong metal case and high quality, rust-proof finish. In Black, Silver, Blue, Red or Green.

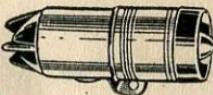

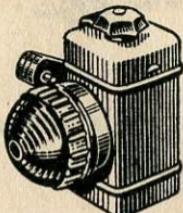

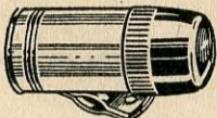

Complete **5/7**

'Ever Ready' Super Front Lamp with large 3 in. reflector and chromium-plated rim. Black or Silver.

Complete **9/7**

## BATTERY REAR LAMPS

The latest design of 'Ever Ready' Rear Lamps with large lens which gives added safety as it can be seen from all side angles. In Black or colours to match front lamps.

**3/4**

'Starlite' square shaped Rear Lamp of new, pleasing design with screw down top switch and dome shaped Red lens. Complete with single unit cell, bulb and bracket.

**4/7**

'Delite'. The streamlined lens incorporates an efficient reflector and an easy-to-operate, finned switch is fitted into the end cap.

Complete **3/7**

Fork fitting, strong steel, black enamelled with ratchet clip.

**2/3**

Spring band, Black steel with "D" shaped clip.

**2/-**

# ELECTRICAL GOODS

## REAR REFLECTORS

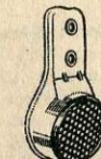

'Lucas'. Suitable for fitting to the rear stays.

**1/6**

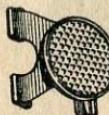

'Lucas' prismatic reflex pattern mounted in a moulded rubber case. Single screw, flush fitting.

**1/3**

'Lucas'. Fitted to a metal mounting, shaped to fit the mudguard.

**1/6**

'B. & T.' Easifix. Requires no drilling and will fit the majority of sports mudguards.

**1/3**

## LAMP BRACKETS

Girder type Lamp Bracket in heavy ten-gauge steel. Fully chromium-plated, steering head fitting.

**2/-**

Girder type in lighter gauge steel with  $3\frac{1}{2}$  in. forward extension, fully chromium-plated. Steering head fitting.

Large size domestic mop with long handle.

13/9

15/6

## CAR RADIOS

'Philips' the 'Easy to fit' Car Radio guarantees the best reception. Just a few of the many refinements are: four valves, two-waveband reception and tone control; built-in battery filter for good sound quality and clarity; 5 in. speaker; low consumption. Added to this is the fact that it can be fitted so easily by the average handyman. See and hear one TODAY at your nearest 'Halfords' branch.

**£21.0.0**

Terms: Deposit **£2.2.0** and 38 weekly payments of **11/8**, or 8 monthly payments of **£2.15.5**

'Pye' Car Radio - yet another addition to the number of high quality Radio Sets available through your local branch of 'Halfords'. The output transistor of the 'Pye' radio, used in place of normal valves, reduces the load on your battery giving more miles of good listening.

The Light programme is pre-set and is selected by merely pulling out the waveband knob. A wide selection of stations on the Medium waveband can easily be found.

**£19.8.6**

Terms: **£1.19.0** Deposit and 38 weekly payments of **10/10**, or 8 monthly payments of **£2.11.8**.

## CAR AERIALS

To ensure the best reception a good quality Car Aerial is necessary. The 'Valan' scuttle fitting model is a retractable type complete with lead, terminals and co-axial plug. Chromium-plated. **36/-**

Side fitting model, fully chromium-plated. **25/-**

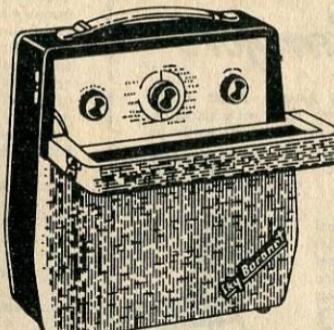

Fully retractable and completely waterproof model complete with lead and plug. Easy to install. **45/-**

Fixed scuttle Aerial, heavily chromium-plated, suitable for fitting in a number of positions. **25/-**

## SPARE LEADS

Frayed and worn Aerial Leads should be renewed quickly if the best performance is to be obtained from a car aerial. Co-axial 7 ft. lead-in, complete with two terminals and plug. **6/6**

## RADIOS

## Portable Radios

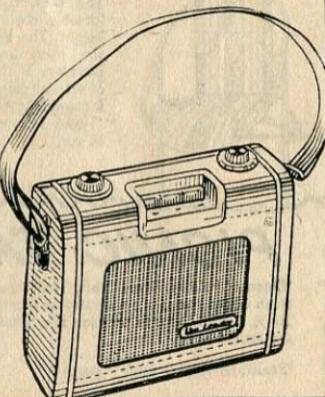

'Ever Ready Sky Baronet'. The wooden cabinet is covered in attractive Beige 'Vynair' and patterned Blue and Black leathercloth. Incorporates 4-valve printed circuit using low consumption valves and 5 in. speaker. Medium and Long wave reception; socket provided for use with car aerials; running cost less than 1½d. per hour. **£13.2.6** Battery **14/3** extra.

Terms: **£1.6.3** deposit and 38 weekly payments of **7/4**, or 8 monthly payments of **£1.14.10**.

The 'Ever Ready Sky Leader' is one of the latest 'shoulder strap' models using six transistors instead of the normal valves and weighs only 4 lb. 14 oz. including the Power Pack battery. Running cost is less than 1/5th of a penny per hour. The 4 in. speaker provides good quality reception and when travelling in a car the radio can be plugged into the aerial using the socket provided. Finished in Tan with matching shoulder strap. **£23.9.0**

Battery **3/6** extra.

Terms: **£2.7.0** deposit and 38 weekly payments of **13/-**, or 8 monthly payments of **£3.1.9**.

# CAMPING GOODS

45/6

## FOR INSTANT HEAT - ANYWHERE!

The 'Bleuet' Butane Stove is light in weight (1 lb.), 6 in. high, quick, clean, and easy to use. No pre-heating, filling or pumping is required. Burns Butane gas which is packed in liquid form in small throw-away metal containers which can be obtained from Halfords branches all over the country. Turn the control knob and light up. Boils one pint of water in four minutes. 'Bleuet' model with cartridge of fuel.

36/-

Replacement cartridges of fuel. Clip of five 9/2.

each 1/10

The 'Super Bleuet'. A medium-sized camping stove working on the same easy, clean and convenient principle as that above. The quickly replaceable cartridge, which is held securely in position in the body by the safety base, will give 2 to 2½ hours continuous burning. Being only 8 in. high and weighing approximately 1½ lb. it is ideal for all motorists, cyclists and campers. Complete with cartridge 59/5 Replacement cartridge 2/11.

59/5

A larger model of the famous 'Bleuet' Stove containing approximately 1 lb. of liquid gas. Will cook at full strength for 8-10 hours.

No. 901. Burner only

£1-7-0

Large size container only

£2-2-6

Complete unit

£3-9-6

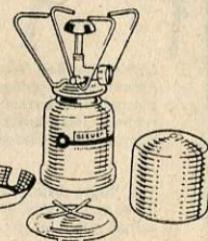

The all British 'Sirram' Sirra Gas' Butane Stove with provision for carrying spare container.

39/6

With one cartridge.

each 4/6

'Sirra Gas' container burns for 1½ hours.

# CAMPING GOODS

## Air Beds

Enjoy the 'floating on air' comfort of the 'Li-lo Popular' Air Bed on the beach or in the garden. Inflated size  $72 \times 30$  in. This improved model has a separately inflatable pillow for extra comfort.

**67/6**

The 'Loch Lomond' size  $72 \times 30$  in. weighing approximately 4 lb. is a well-made reliable Air Bed designed to give added comfort on all holidays.

**49/6**

A really portable Air Bed, so small when packed away that it can be carried in the glove compartment of a car or in a cycle touring bag. Made of extra tough, attractively coloured plastic. Size  $72 \times 27$  in. Packed  $9 \times 7$  in.

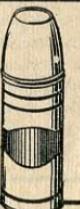

**28/9**

## AIR CUSHIONS

Best quality Air Cushions made of strong, durable plastic in the popular Tartan designs.

**6/11**

'Halfords' unbeatable value Plastic Air Cushions in attractive Pigskin design. Easily and quickly inflated. Size  $12 \times 14$  in. **3/11**

## CAMP BEDS

Folding Camp Bed made of seasoned Beech wood, with strong rust-proof steel brackets, securely riveted and fitted with heavy Brown jute canvas. Size packed  $38 \times 7 \times 5$  in. Size erected 6 ft. 3 in.  $\times$  7 ft.

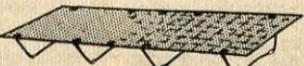

**54/3**

Lightweight Bed. Weighing only  $8\frac{1}{2}$  lb. this Camp Bed is the complete answer to the camper's problem. Apart from its lightness it is extremely strong, being made of high tensile (80/90 ton), spring steel and easily erected. Two-section side rails with four legs fitted with rubbers. High quality rot-proof flax canvas; fitted with carrying handle. Extended size: 6 ft.  $\times$  2 ft.  $\times$  7 in. high.

**55/-**

The 'Bigsa Safari' is made of a lightweight tensile steel frame and durable, hard-wearing canvas. Folding neatly into a small grip it weighs  $10\frac{1}{2}$  lb.

**82/9**

The 'B.M.C.' Motoring Atlas of Great Britain.

Handbooks:

'Austin' from 5/-, 'Ford' from 5/-, 'Standard' from 5/-, 'Automobile Engine Overhaul' 15/-, 'Your Driving Test and How to Pass It' 6/-, 'Motor Repair Manual' 6/-, 'Norton' 6/-, 'B.S.A.' 6/-, 'Douglas Vespa' 5/-.

Please ask for information of other issues.

Reliable, accurate Map Measure, records miles and kilos. Chromium-plated.

**10/6**

## Vacuum Flasks
