blades. 11 in. **2/6** 10 in. **1/6**

WINDSCREEN WASHERS

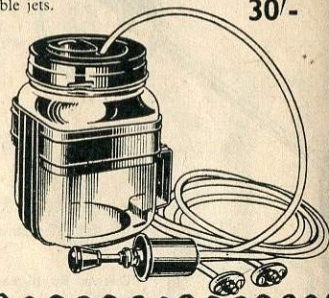

Windscreen Washers will keep your screen free from dirt splashed up
by passing motorists and in the winter can be used with special
solutions designed to prevent the formation of ice on the windscreen.
The 'Tudor Minor' Washer. A strong polythene bottle, one pint
capacity with two adjustable jets. **30/-**

The 'Tudor Major'. **35/-**
two pint model.

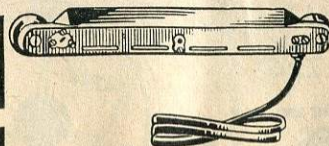

The 'Trico Duo-matic' is a
high performance screen
washer with a well-built
plunger which, once de-
pressed, sprays for six sec-
onds. Universal 'Easy-
Clean' jets for separate or

35/-

combined mounting. The 1½ pints capacity Aluminium
container holds sufficient water for 55 operations.
'Desmo-Kigass' Washer with twin, plated scuttle-fitting
nozzles. Fully adjustable. Two pint size **35/-** One pint size **30/-**

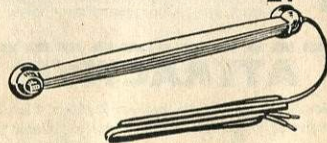

Windscreen Defrosters

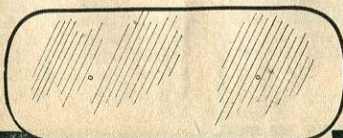

'Airflow' Demister for mist-free windows throughout the
winter. Bar-type demister, made of strong bakelite. Complete
with easy-action switch, two large diameter suction pads and
cable. 6 or 12 volts. **21/-**

'Lucas' all-metal attractively chromium-plated Demister.
Made of the highest quality materials. Holds firmly in place
by two patent suction pads. Complete with switch and cable.
6 or 12 volts. **32/-**

6½d.

CAR ACCESSORIES

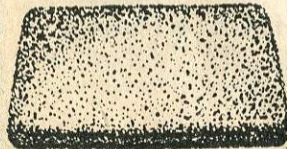

RUBBER MATS

Strong ribbed Mats. Made to save your carpet and look attractive. The deep ribbing collects the dirt from shoes and can be brushed clean in a moment. Size $16\frac{1}{2} \times 13\frac{1}{4}$ in.

6/9½

'Cannon' Twin Multi-purpose Mat, size $24\frac{1}{2} \times 16\frac{1}{2}$ in. in an assortment of bright colours, with deep brush pile.

12/-

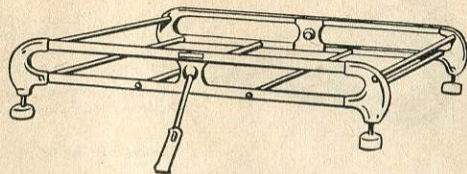

COCO FIBRE MATS

Strong, exceptionally hard-wearing Fibre Mat, size 18×12 in. with very thick pile. Apart from saving wear and tear on carpets these fine quality Mats add greatly to the comfort of long drives.

4/-

Carry More on Top

Extra carrying capacity is convenient at all times, but vital during the Summer. With a reliable Luggage Rack you can carry all those extras that make a holiday really worthwhile.

'Halfords' Luggage Racks are fully tested products proved the best by experience.

'Eversure Victor', size 36×30 in. Made with streamlined pressed steel sides and strong tubular cross members. New positively located strainers prevent feet sliding along the sides. Complete with non-staining, white rubber feet. Black or Grey.

52/6

The most modern method of securing bulky luggage on to a roof rack or car boot. The metal hooks are covered with plastic tubing to protect paintwork and the elastic, covered with soft braid, will not damage the luggage.

6 claw 11/6

8 claw 15/-

4 claw 6/-

Heavy Fawn double texture Luggage Cover fitted with eyelets all round. Large size, approximately 70×70 in. to keep even the bulkiest luggage dry.

63/-

Beat Frost

The 'Sirram' Bonnet-type Heater is a well-made heater of seamless construction with protective gauze and outside wick control. Burns for approximately eight days on one filling. The heat given off is sufficient to prevent an engine from freezing and will ensure an easy start every morning. **14/6**

The 'Raydyot' Bonnet-type Heater, also shown, is a very strongly made heater which will give years of satisfactory service. Burning for eight days on one filling it is also suitable for use in outhouses, and wherever there are cold water pipes. **20/5**

'Raydyot' Sump Heater with a capacity of four pints will burn for 200 hours without attention after one filling. The outside wick control allows for adjustment without removing the safety cover. **27/8**

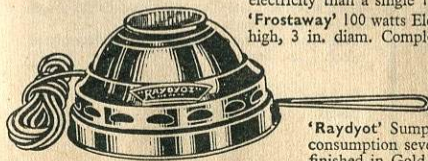

The 'Sirram' Sump pattern as shown is a well made, strong Lamp with a leakproof oil container and brass burner — great value at such a low price. **19/-**

'Desmo' hanging type Heater. Burns for 250 hours on one filling of 1½ pints. The fireproof metal gauze ensures the utmost safety in close proximity to petrol vapour. **19/10**

'Desmo', all-metal construction, fitted with fine gauze. The single-piece bottom is seamless and reinforced. Burns 100 hours on one filling. (1½ pints). **19/3**

'Desmo' high quality Heater, 5 in. high for use beneath car sumps. Burns 250 hours on one filling. (4 pints). **26/10**

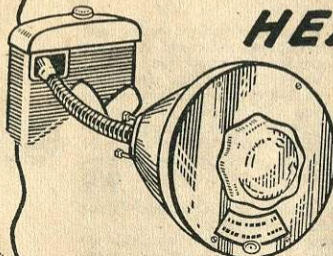

'Peter the Heater'. A compact, tubular Electric Heater which consumes no more electricity than a single 100 watt house bulb. **21/-**

'Frostaway' 100 watts Electric Heater. Ideal for placing beneath the car bonnet; 5½ ins. high, 3 in. diam. Complete with 3½ feet of 3-core flex. **14/-**

'Raydyot' Sump Type Electric Heater, 220/250 volts, 140 watts. Current consumption seven hours per unit. For A.C. and D.C. mains. Attractively finished in Gold enamel. Complete with cable. The best time saver of all. **39/8**

CAR ACCESSORIES INTERIOR HEATERS

£6-10-0

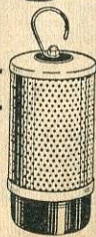

The 'Tudor Mark III' is a very efficient Interior Heater providing during the colder months, a constant circulation of warm air. Very simple in construction and easy to fit, the low consumption fan which extracts air from the radiator is controlled by a rheostat switch. The ideal heater for the owners of small cars. 6 or 12 volts. **£6-10-0**

Terms: 30/- deposit and 6 monthly payments of 17/11

ANTIFREEZE

Gallons **36/-**

'New Bluecol'. The doubly safe Antifreeze. One of the best known top quality antifreezes used by motorists. **6/6**
Quarts **12/9** Gallons **49/6** Pints **6/6**

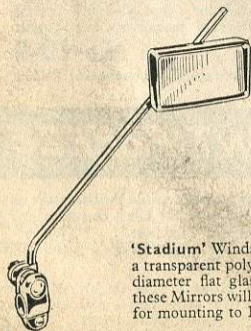

MOTOR CYCLE ACCESSORIES

MIRRORS

For safety on today's roads a rear-view Mirror is essential. If you use the new Motorways, the old highway or drive in busy city traffic, you'll find with a handlebar Mirror you will be fully aware of all possible dangers. Black and nickel-plated Mirror-head with $4\frac{1}{2}$ in. \times $2\frac{1}{2}$ in. wide-view convex glass. For 1 in. and $\frac{7}{8}$ in. bars. **9/9**

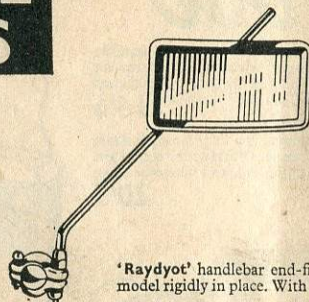

Good quality handlebar Mirror — one of the many 'Value for Money' lines available at 'Halfords'! With 4 in. non-distorting glass, complete with clip for $\frac{7}{8}$ in. and 1 in. bars. Mounted on adjustable arm. **6/9**
Ebony Black finish. With N.P. rim. As illustrated.

'Raydyot' clip fitting Mirror incorporating the latest design of hooded frame. The glass, size $4\frac{1}{2}$ in. \times $2\frac{1}{2}$ in. is convex to give a wide-view, clear reflection. For 1 in. or $\frac{7}{8}$ in. bars. Attractively chromium-plated.

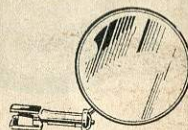

18/6

'Stadium' Windscreen Mirrors. Made with a transparent polythene housing for the 3 in. diameter flat glass. Once fixed in position these Mirrors will not shake loose. Ideal **5/-** for mounting to Fairing blades.

'Raydyot' handlebar end-fitting Mirror. The expander device holds this model rigidly in place. With large 4 in. flat, non-distorting glass. **18/6**

'Wiflex' spring-return Mirror. If accidentally knocked this model returns to its pre-set position. With round convex glass; finished in highly polished alloy. **17/6**

'Stadium' Poly Mirror. The non-rusting polythene head is formed into a useful hood over the rectangular convex glass. Size $4\frac{1}{2}$ in. \times $2\frac{1}{2}$ in. with 9 in. extension arm. Clip fitting. As illustrated. **10/6**

'Stadium' folding handlebar end-fitting Mirror with the new style pear-shaped head and full-view convex glass. If your garage space is limited this is the ideal Mirror. **21/-**

Caliper pattern for 'Endrick' rims. Pin and nut fitting shoes with 'Fibrax' or 'Ferodo' blocks.	Pair	1/-

BRAKES and SPARES

Your life depends on your Cycle Brakes! To ensure the best service from them it is essential that a regular check is made of the adjustment, and that the working pivots are adequately lubricated. In your own interests, fit good quality Brakes to your cycle.

The 'Halfords' Caliper Brake is the finest value offered today. Specially produced for 'Halfords', this side-pull Caliper Brake is very powerful in action and will give long service. The special non-fray cable is enclosed in a waterproof outer casing. Supplied with touring pattern levers. All metal parts chromium-plated.

Front Brake **8/6**

Rear gent's and rear lady's Brakes. **8/11**

'Phillips' 'Vox Pop'. A popular Brake with club riders; side-pull caliper pattern with centre-pin fitting. Fully chromium-plated with full adjustment for taking up wear of the blocks. Waterproof cable and special type lever.

Front **11/9** Rear gent's and lady's **12/5**

'G.B.' Light alloy Brakes for the lightweight enthusiast and the keen sports rider. Made throughout from the finest quality, highly polished rustless light alloy. With silver coloured cables and hooded levers.

Pair **38/-**

'G.B.' Light alloy Brakes with 'Super' hooded levers incorporating cable adjusters.

Pair **40/-**

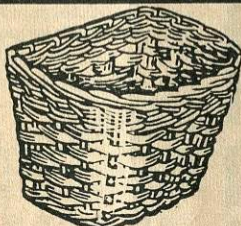

Worn, rattling brakes are a danger signal. Roller Lever Brake sets are complete with fork guides and it takes only a few minutes to renew the entire Brake system on your bicycle. Made by a famous factory, these Brakes are of the highest quality and will give reliable service for many years.

'Phillips' 'Quick Fit' Pull-up Action Brakes with short lever.

Rear **12/5** Front **9/5**

Bar and Brake Sets complete. Raised bars, expander bolt fitting, fully chromium-plated with Roller Lever Brakes. Comprises front Brake with blocks and guides, rear Brake with bell-crank lever, blocks and guides.

38/9

TOOLS

HALFORDS Personal Payment Plan

HALFORDS PERSONAL PAYMENT PLAN is available on all articles value £4 0s. 0d. and over. For example a lady's Scooter Suit can be purchased for £4 9s. 6d. cash, or by a Deposit of 19/6 and 6 monthly payments of 12/7. Two articles with a total value of £4 0s. 0d. or over may be purchased under the same Scheme. Our Branch Manager will be pleased to give you full particulars at any time.

MAIL ORDER

If it is not convenient to call at one of our shops your Mail Order will be promptly executed by your nearest Branch (full address list on back cover pages) or from our Head Office, 271-273 Corporation Street, Birmingham 4. Unless instructed to the contrary, goods will be sent C.O.D. If customers require them sent carriage paid, the cost of carriage must be included in their remittance. Our Personal Payment Plan is available to Mail Order customers if required.

ALTERATIONS IN PRICES

Although we have taken every care to see that the prices given in this Catalogue are correct at the time of printing, owing to the ever-changing cost of raw materials and labour we must reserve the right to alter any prices or amend any descriptions in this list.

OIL DRUM TAPS

'Full-flow' Oil Tap threaded to fit the standard 5-gallon oil drum. Cast aluminium with double ring locking attachment and sealing washer. **5/6**

All brass with large lever and cork interior sealing washer. **5/6**

Oil Measures

Tinned steel pourers as illustrated, with specially designed non-spill spout. *Sprayed Green.*

$\frac{1}{2}$ pint **4/-**
1 pint **4/10**
2 pint **6/-**

OIL SYRINGES

Ideally suited for maintaining the oil level in the differential and other inaccessible places. There is no need to dismantle when filling; both models have a double action by which oil can be sucked into the pump and injected where it is needed. They are not, however, suitable for heavy oils.

All brass with one spout.

All brass larger model with three spouts of different lengths. **5/9**
9/3

Funnels

For paraffin, made of tinned steel with $3\frac{1}{2}$ in. half-covered anti-spill top and fine mesh gauze; the narrow filler is ideally suited for filling paraffin heaters. **1/-**

Larger model of the above with 4 in. diameter top and fine mesh gauze. **1/9**

Funnel suitable for filling petrol tanks, radiators, etc. With large anti-splash rim, made of good quality tinned steel; $6\frac{1}{2}$ in. diameter with gauze filter. **2/8**
As illustrated.

Flexible Polythene Funnel for oil, petrol, paraffin, etc. Being flexible this Funnel is useful for re-filling engines or gearboxes of cars and motor-cycles where they are provided with awkward-to-get-at fillers. White or coloured, $5\frac{1}{2}$ in. diameter. **2/3**

SET PINS AND NUTS

B.S.F. Threads. Screwed to heads. Hexagon heads. Bright steel.

$\frac{7}{8}$ in.	3d.	$\frac{7}{8}$ in. \times 2 in.	$\frac{3}{4}$ in. \times 1 $\frac{1}{2}$ in.	5 $\frac{1}{2}$ d.
$\frac{1}{2}$ in. \times 1 $\frac{1}{2}$ in.	4d.	$\frac{3}{4}$ in. \times 2 in.		6d.

Nuts only. Bright steel, hexagonal. B.S.F. threads.

$\frac{7}{8}$ in.	doz.	4 $\frac{1}{2}$ d.	$\frac{1}{2}$ in.	doz.	7d.
$\frac{7}{8}$ in.	doz.	9d.	$\frac{3}{8}$ in.	doz.	1/-

Self Tapping Screws with 'Standard' or 'Phillips' heads. In all popular sizes, packed in 'Tuboids'. **1/-** and **2/-**

PRESS STUDS

For fastening cloth to wood, such as sidcar hoods. Nickel-plated finish. Each **6½d.**

For securing cloth to cloth. Will not tear material. Each **6½d.**

With pin and nut for securing cloth to metal. Each **7½d.**

Turnbuttons

Nickel-plated finish, single pattern for fixing material to wood or metal. Each **6d.**

Double pattern. Each **6½d.**

Turnbuttons for fixing cloth to cloth.

Each **6d.**

DRIP TRAYS

Heavy galvanized steel, size 21 × 15 × 1½ in. A most useful size which will come in handy for a great many purposes: draining oil, washing down small parts with paraffin and, of course, as a drip tray for catching engine oil.

5/6

JOINTING COMPOUNDS

Suitable for cars, motor cycles, scooters, mopeds and in fact all machines where gas-and oil-proof joints are needed.

A Screwdriver to deal with these is becoming an essential part of the handyman's and the motorists' tool kit. Sets of 2 'Phillips' blades and 2 standard blades with interchangeable amber handle. Complete in plastic wallet. (Foreign) **6/3**

'Guys' Spiral Ratchet, 9½ in. **14/6**

HACKSAWS

Handy 'Midget'. New improved model with special blade holder to give full protection to the hand. With polished steel frame and fine tooth blade. **1/3**

'Ding-Dong' pressure die-cast heavy-duty alloy frame. Adjustable 9 in. to 12 in. with 10 in. blade. **12/-**
Hacksaw Blades. 10 in. coarse, medium and fine. **6d.**
For 'Midget' Frame. **3½d.**

HAMMERS

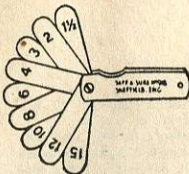

'Junior Thorlite' rubber-faced hammer. Very useful in the home for a variety of jobs. One hard and one soft face. **6/-**
Engineers' Ball Pein Hammer, 11lb., 5/9 with 11 in. ash handle.

TIN SNIPS

Strong steel with hardened cutting edges which will deal effectively with most sheet metals used by motorists. 8 in. **4/9**

Feeler Gauges

Nine tapered blades, 1½, 2, 3, 4, 6, 8, 10, 12, 15 thou. Superior quality and finish. As illustrated. **3/3**

Nine blades 4½ in., 1½, 2, 3, 4, 6, 8, 10, 12 and 15 thou. **3/6**

Ten tapered blades, 4 in. long; 1½, 2, 3, 4, 6, 8, 10, 12, 15 and 25 thou. **5/3**

GAP GAUGES

For checking and setting sparking plug gaps. 'Champion' with feeler gauges and gap tool. **2/-**

'Champion' 'Plugometer'. Make a visible check of your plugs. The coloured illustrations will show at once whether the correct plug is being used. **1/-**

GAUGES CALIPER

Caliper Gauges for internal, external and depth measurements up to 5 in. Calibrated in ⅛ in. and millimetres. (Foreign)

6/9

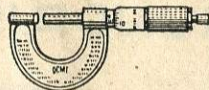

STEEL RULES

Indispensable to every enthusiastic 'Do-it-yourself' handyman. Six feet of best quality flexible steel. 2½ in. x ¼ in. Steel Rule, graduated in 1/64ths, 32nds, 64ths, and mm. **11d.**

MICROMETERS

Precision-made, accurately ground engineers instruments measuring .001 to 1 in. Boxed with instructions. **10/-**

Larger model measuring 1—2 in. **14/6**

SURFORM TOOLS

The 'Surform' Plane will cut soft materials such as wood and fibre board as well as mild steel, lead, plastic, etc. No

'Do-it-yourself' enthusiast should be without a 'Surform' Tool. **17/6**

'Surform' File, Standard pattern. **12/6**

Spare blades for the above. **3/6**

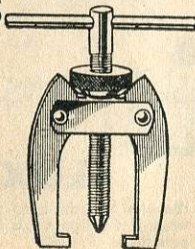

SPROCKET REMOVERS

The safest tool for removing difficult sprockets. Two leg pattern for removing sprockets from confined places, as illustrated. **13/6**

Two-leg pattern for motor cycle use. **8/3**

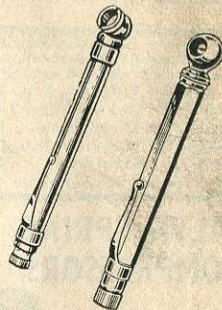

Combination Sprocket and Pinion Extractor incorporating 3 sets of interchangeable legs. Covers complete range from timing pinion to sprocket, 3½ in. diameter. **13/6**

Three-leg pattern for larger gear wheels. **19/-**
Heavy pattern. **27/3**

TOOLS

Pressure Gauges

Add to the life of your tyres by checking tyre pressures regularly.

'Renshaw' high quality Gauge with pocket clip fully chromium-plated. **6/-**

'Halfords' pocket type. Hexagon body with core extractor. Calibrated to 50 lb. **10/9**

'Dunlop' **8/6**

'Kismet' balloon type. **14/9**

CONTACT FILES

'Contact-Master', as illustrated. The adjustable, aluminous oxide abrasive band will quickly file contact breaker points to a clean, sharp finish. **2/-**

Spare abrasive bands for above. **4d.**

'Neo' flexible File, coated with a special abrasive for trimming contact breaker points. **1/3**

TOOLS

VALVE GRINDER

Rubber suction pattern as shown, suitable for motor cycles and cars. Small size, $\frac{7}{8}$ in. 2/- Large size, 1 in. 2/- 'Terry's' O.H. Valve Grinding Tools for $\frac{7}{8}$ in. and $\frac{1}{2}$ in. valve stems. 1/6 Grinding Paste. 'Chemico' Twin Tin. Containing coarse and fine 2/- 'Holts'. Fine and coarse in one tin. 2/-

VALVE SPRING COMPRESSORS

The difficult job of removing valve springs is made easy and safe when the right tool is used.

Motor Cycle Pattern. Made of strong steel, sturdily built to fit all types of motor cycles. Standard O.H.V. Spring Compressor. 8/3

To fit side valve machines. 8/11 Car Pattern.

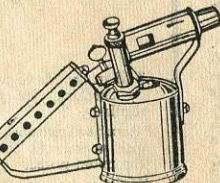

For Ford 7/9

For Hillman Minx 8/9

Austin A.40, Consul and Zephyr 13/6

'Pickavant' Cam type 15/6

O.H.V. Universal, No. 300 16/3

'Valstock' Spirit Blowlamp. Builds up pressure by heat. Although the pencil-thin flame is approximately 2,000° F. suitable for tinning, sweating, paint stripping and glass bending, these lamps are completely safe.

'Valstock' Major. 30/-

Minor 14/7

'Britinol', the pocket size Blowlamp for use with methylated spirit. Complete with stand for soldering iron. 7/6

FLUX

'Baker's' Soldering Fluid, without which it is difficult to get a really good fusion of metals. 2/3

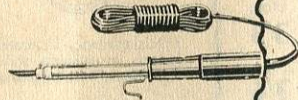

'Fluxite' Soldering Flux. 1/3

SOLDERING SUNDRIES

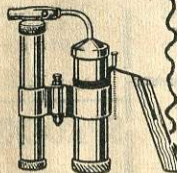

Standard type Soldering Iron with 2 oz. copper bit and polished wooden handle. Exceptionally good value for the handyman who uses a Soldering Iron 3/3 only occasionally.

'Pifco' electric, illuminated model with 30 watt element and plastic handle. 22/6 230/250 volt.

'Solon' instrument model with $\frac{7}{8}$ in. diameter bit. 24/-

'Veritas' Blowlamps. Useful in the workshop for a great many jobs as well as stripping paint off woodwork before re-decorating. The all-brass container holds $\frac{1}{2}$ pint of 39/6 paraffin.

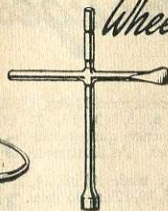

SOLDER

Tinman's commercial type. Approximately 4 oz. of good quality Solder. 1/6

'Multicore'. Two cores of Ersin Flux, size 2. 6d.

Wheel Nut Wrenches

A useful addition to the tool kit of any car.

'Melco'. Strong zinc finished Steel Spin Wrenches with hardened socket and spoon end for use as a tyre lever. $\frac{3}{4}$ in. Whit., $\frac{7}{8}$ in. Whit., $\frac{1}{2}$ in. Whit., $\frac{3}{4}$ in. A.F., $\frac{1}{2}$ in. A.F.

12/7

TYRE LEVERS

Motor cycle type. Made of strong blued steel with flattened 'spoon' shaped ends. $6 \times \frac{3}{8}$ in. 1/- Heavier type, size $8\frac{1}{2} \times \frac{7}{16}$ in. 1/3

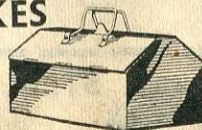

CAR PATTERN

9 x 1 x $\frac{1}{4}$ in.
12 x 1 $\frac{1}{2}$ x $\frac{1}{4}$ in.
15 x 1 $\frac{1}{2}$ x $\frac{1}{4}$ in.
18 x 1 $\frac{1}{2}$ x $\frac{1}{4}$ in.

2/9
3/3
3/9

TOOL BOXES

Save time and trouble with a Tool Box. The type illustrated will hold all the motorist's tools. Metal in hammered blue finish, with removable tool tray and padlock fastening attachment. Size 14 x 8 x 6 $\frac{1}{2}$ in. 19/9

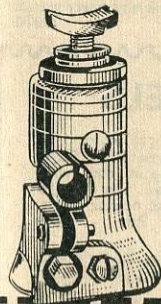

Lifting Jacks

'Midas' Junior. Heavier model, complete with handle. 21/-

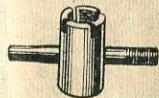

'Midas' Double Lift. 27/9

'Eversure'. The popular attractively priced Hydraulic Jack with a lifting capacity of 30 cwt. Height closed, 6½ in., height fully extended, 13¼ in., hydraulic lift 3½ in. With die-cast aluminium body incorporating a quick-action release device which gently allows the car to return to its normal position. Complete with two-piece handle.

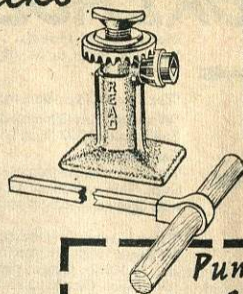

67/6

Valve Repair Tool

A useful tool for cleaning both the inside and the outside threads of tyre valves.
'Schrader' 3/-

'Varney' 2/3

Pump Connections

Strong 13 in. Rubber Connection with braided outer. Fitted with 'Woods' adaptor, which reduces motor size to cycle. 1/3

'Halfords' Best quality all-rubber Connection, universal fitting, with thumb lever adaptor. 4/4

Pump Adaptors

'Woods' Adaptor. Fitted to a foot pump screwed connection, this type of adaptor allows for cycle valve fitting. 2d

Thumb-lever Adaptor for a foot pump connection. Enables a pump to be used with both motor and cycle valves. 1/6

Valve Parts

'Schrader' Dust Excluder Caps with valve key. Per box of 5 1/5

'Schrader' Valve Inserts. Per box of 5 1/10

'Schrader' Scooter Valve Inserts for balloon tyres as fitted to 1/10

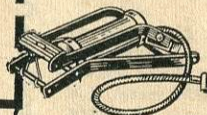

Vespa, Lambretta, etc. 1/10

'Schrader' dome type valve caps. Per box of 5 1/8

For cars with limited ground clearance. Double lift pattern, solidly constructed, with a new type of thrust race bearing to give easier operation. Complete with handle. 23/8

TOOLS

FOOT PUMPS

'Aerite Vendor'. Fitted with a 'Contest' connector that enables the pressure to be tested without disconnecting from the valve. 22/6

'Golden Tornado' with 1½ in. dial type pressure gauge. 34/6

Special value Foot Pumps; small size. With large diameter barrel to quickly inflate tyres. Robustly built to give years of trouble-free service. 20/-

HAND PUMPS

Motor Cycle Hand Pumps. 'Monsoon', 14×½ in. Steel barrel, celluloid covered. With wire foot. Exceptional value at such a low price. 6/-

'Apex' Double Power Hand Pumps, black celluloid covered, in four different lengths, 12, 13, 14, 15 in. 11/6

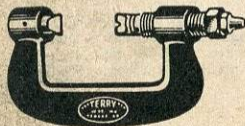

Best quality Car Hand Pumps. Black all-steel barrel of large diameter to ensure easy, quick results. The detachable handle and folding feet allow it to be easily packed in the smallest space. Complete with strong braided connection. As illustrated. 10/-

'Apex' with steel barrel, 17×1½ in., and good quality 24 in. connection. Strong wire folding foot. 9/-

TOOLS

SPRING LEAF GREASERS

'Terrys'. Ensure that the grease penetrates between each spring leaf. Can be used with all types of leaf springs, $1\frac{1}{2}$ in. to $2\frac{1}{2}$ in. wide. **12/6**

OIL CANS

'Wesco' Motorists' size, $\frac{1}{2}$ pint, well made with horizontal spout. **6/3**

'Wesco' 'Andy' oiler with horizontal spout, $\frac{1}{2}$ pint capacity and broad base. **6/6**

'Wesco' Junior, small size. Suitable for domestic use. Delivers a powerful jet of oil or can be used to drip oil on to the parts requiring lubricating. **6/-**

Small, round, flat type made of non-rust brass with silver finish. $2\frac{1}{2}$ in. **1/6**

The 'Alton' transparent celluloid Oil Can. Fitted with brass force-feed spout and leak-proof cap. **3/-**

'Tecalemit' Visigun Oil Gun, made of strong plastic. Easily filled. **6/-**
Transparent Polythene Oiler, with end cap to prevent leakage. **7 $\frac{1}{2}$ d.**

GREASE GUNS

Motor Cycle Models.

Specially made to fit into a small tool box. All brass model. **4/6**

'Tecalemit' Pom-Pom model. Extended length 7 in. **8/5**

'Wanner' Pom-Pom model. Pressure build-up to 2,200 lb. P.S.I. **18/6**

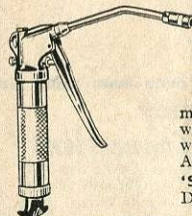

Car Models.

'Nesthill' double-purpose Grease and Oil Gun. This well-made Gun can be used with light and medium grease and heavy oil as used in the differential and gearbox. As illustrated. **7/6**

'Enots' Autolub standard pattern, $9\frac{1}{2}$ in. **11/9**

'Wanner' high pressure model No. 315, develops 5,000 lb. per sq. inch pressure, maximum, 10,000 lb. Grease your car the modern easy way. There's no strain or mess with a 'Wanner'. Can be used with one hand, for applying grease or oil. The nozzle which can be fitted in two positions, can be rotated in any direction. Capacity 9.15 cu. in. As illustrated. Foreign. **88/- Available on Easy Terms.**

'Swematic' Side Lever type with 16 oz. barrel for light, medium and heavy grease. Develops 6,000 lb. pressure. (Foreign) **39/6**

175 SCOOTER

A Scooter is always popular. The '175' is popular with parents, safe for children.

Finished in eye-catching, brilliant enamel. Twin tube steel frame absorbs vibration, gives a smooth ride. Foot brake and stand operate from rear wheel. Rubber footrest prevents the foot slipping from the platform. Overall length 34 in. **49/11**

1012 SUPERTRIKE

The Trike to delight the heart of any child. The heavy type tubular steel frame gives great rigidity and is firmly cross braced by the steel rear platform. The chromium-plated handlebars are fitted with shield type knuckle guards and finished with bright, colourful streamers.

£4.19.11

Terms: £1-4-11 deposit and 6 monthly payments of 13/5

NO. 200 PEDALKAR

A sturdy, well finished Pedalkar suitable for children from 3 to 5 years old. Reinforced seat stays and backrest ensure absolute safety. The forks are one piece, flat section and the handlebar is fitted with a bell and plastic grips. Both front and rear wheels are rubber tyred; 8 in. front, 4 in. rear.

28/-

No. 300 Pedalkar. As above but with 5½ in. rear wheels, rubber grips and superior high gloss enamel finish. Seat height 11½ in., length 24 in.

OILS & GREASES

CASTROL ENGINE OIL

'Castrolite'. A light-bodied 'balanced' multigrade oil, ideal for use during cold weather in most car engines. S.A.E.20W (20/30). Quarts **4/6** Gallons **16/3** 2/7
5-gallon Drum **72/6** Pints

'Castrol XL'. The ideal medium-bodied lubricant for the majority of cars. (S.A.E.30). Quarts **4/6** Gallons **16/3** 2/7
5-gallon Drum **72/6** Pints

'Castrol XXL'. A heavy-bodied oil for use in many high-efficiency car engines in summer or in engines whose oil consumption is excessive. (S.A.E.40). Quarts **4/6** Gallons **16/3** 2/7
5-gallon Drum **72/6** Pints

'Castrol Grand Prix'. An engine oil, the heaviest in the range. (S.A.E.50). Quarts **4/6** Gallons **16/3** 2/7
5-gallon Drum **72/6** Pints

'Castrol Two-Stroke'. Self Mixing. Mixes instantly with any grade of petrol. Quarts **4/6** Gallons **16/3** 2/7
5-gallon Drum **72/6** Pints

'Castrol R'. The Racing Oil. Used to break more records than any other lubricant. Quarts **7/3** Gallons **27/2** Pints **3/11**

CASTROL GEAR OIL

'Castrol S.T.'. A light gear oil with fortifying additives. (S.A.E.90). Quarts **4/6** Gallons **16/3** Pints **2/7**

'Castrol D'. A heavy-bodied gear oil with fortifying additives. (S.A.E.140). Quarts **4/6** Gallons **16/3** Pints **2/7**

'Castrol Hypoy'. Light (Hypoy 80). A very light extreme pressure gear oil. (S.A.E.80EP). Quarts **4/9 1/2** Gallons **17/3** Pints **2/11**

'Castrol Hypoy'. A heavier grade of the above. (S.A.E.90EP). Quarts **4/9 1/2** Gallons **17/3** Pints **2/11**

'Castrol Hi-press'. A medium-bodied extreme pressure gear oil. (S.A.E.140EP). Quarts **4/9 1/2** Gallons **17/3** Pints **2/11**

A Top Grade Oil for 10/6 a gallon

The fully guaranteed quality of 'Silver Knight' New Formula Oil will appreciably reduce day-to-day running costs of cars and motor cycles. All four grades now contain the latest anti-sludge additives and are suitable for use in all types of engines during summer and winter.

S.A.E. 50. A heavy oil ideal for single cylinder motor cycles, and worn engines which burn oil. Gallons **10/6** Quarts **3/6**

S A E 40 A medium/heavy type of oil normally recommended for summer motoring. Gallons **10/6** Quarts **3/6**

S.A.E.30. Medium oil, the most popular grade for winter use. Gallons **10/6** Quarts **3/6**

All the above grades are available in 5-gallon drums with provision for tap. 42/6

10W/30. A balanced multi-grade oil for summer and winter use in all un worn car engines. Gallons **14/3** 20W/30 Gallons **14/3**

20W/50. For all four-stroke motor cycles (and cars with heavy oil consumption). Gallons **14/3**

Multi-grade oils available in 5-gallon drums with provision for tap. **56/8**

SILVER KNIGHT FLUSHING OIL

Specially prepared for flushing engines prior to changing the normal lubricating oil. As it is very 'thin' it reaches all the sludge traps and effectively collects the harmful products of combustion so increasing the life of the engine.

'Jenograph Type C' (Two Stroke). 8 oz., for use in two-stroke engines. **8/6**

Running in Compounds

CONTAINING 'DAG'
COLLOIDAL GRAPHITE

The wise motorist, whether running-in a new or a reconditioned engine, insists on using running-in compound. The graphite in these compounds adheres tenaciously to all the vital surfaces and provides a permanent film of great strength which helps to reduce friction, giving cooler, smoother running.

'Filtrate' Colloidal Compound.

CLOTHING

Keep Warm and Dry

'Ironhyde' Competition Coat. Pass through the worst down-pour Britain's weather can produce and a few moments later this coat is absolutely dry! The heavyweight fabric is produced by forcing P.V.C. into the cloth, which results in an extremely strong, tear-resistant material, supple, unaffected by long exposure to the weather, and completely waterproof at all times. Complete with detachable lining, 'tummy pad' and leg attachments.

£7.10.0

Terms: 30/- deposit and 6 monthly payments of 21/6

The 'Duplex' Stormcoat. Highest quality fawn gaberdine with rubber backed weatherproof seams. The side pockets are adequately protected by wide button fastening flaps and the map pocket is set at an angle on the chest. Leg attachments and 'tummy pad' are neatly concealed.

£6.17.6

Terms: 27/6 deposit and 6 monthly payments of 19/9

THE ENTHUSIASTS COAT

The 'Meteor'. One of the most popular motor cycling coats favoured by the long-distance touring enthusiast for its ability to withstand heavy downpours of rain and yet retain its style and shape. Cut from the best heavyweight fawn gaberdine, it is fitted with a full-length 'Armadrake Watertite' inter-lining. During the cold weather a winter-weight woollen fleece lining can be quickly zipped into place. The self-adjusting neck scarf ensures a close but comfortable fit at the collar. As with all good quality motor cycling coats the 'Meteor' has an adjustable 'tummy pad' and the cuffs are bound with leather to prevent fraying.

£10.10.10

Terms: 45/10 deposit and 6 monthly payments of 29/7

ALL WEATHER PROTECTION

'Black Prince'. A superbly styled motor cycling suit made of strong P.V.C. impregnated material, fully fleece lined; ideal for the all-weather rider. CLOTHING

FOR THE HARD-RIDING MOTOR CYCLIST

'Trialmaster' Suit. A completely new motor cycling suit designed to give perfect protection combined with the greatest comfort. Made from high grade long staple yarns closely woven to ensure high tensile strength in a very hard-wearing fabric. The proofing ensures that the fabric is fully waterproof, thorn-proof and rotproof under the severest conditions. Jacket: Made with four roomy pouch pockets; zip fastening front with additional studded overlap. Ready fitted up to take a special detachable lining. Trousers: Fully lined with reinforced seat and knees, and fitted with adjustable ankle straps. Available in Black or Olive shades. All usual sizes available.

Jacket **£5-17-6**

Trousers **£4-12-6**

Suit **£9.19.6**

Detachable lining 21/- extra.

Terms: 44/6 deposit and 6 monthly payments of 27/9.

CLOTHING

Armadrake Regent

SLICKER SUIT

The perfect slip-over suit for motor cyclists, scooter, moped and cycle riders, sportsmen, ramblers, etc.

Made of lightweight Black P.V.C., the 'Slicker Suit' can be rolled up very small for carrying in panniers, rucksacks or holdall and can be slipped over ordinary clothes to keep you warm and dry.

The pull-over top has elastic cuffs and waistband and a plastic slider fastening neckband. Trousers with elasticated waistband. All seams are fully welded throughout. Sizes: Small, Medium, Large. **30/-**

The Three-piece motor cycling Suit that's different, that's new, that's made for YOU!

New 'Tropical' detachable lining to the Jacket is made of myriads of minute air-filled, nature sealed fibre tubes that imprison the warmth, exclude the cold. Covered with luxurious scarlet rayon satin.

Generous wrap-over defies the heaviest rain and is secured by full length zip, press-stud fastenings and belt. Three pockets are provided, two outside press-stud fastening flap pockets and one deep inside map pocket. All are reinforced at the mouths to prevent undue strain at the corners. Neck and wrist fastenings are adjustable and snug fitting.

The self-supporting well cut trousers are roomy without being at all 'baggy' and are fitted with side gussets to the waist.

The 'Regent' Suit is cut from the finest heavy duty, fleece bonded Black P.V.C. with all seams welded by the famous 'Armadrake' 'Permaseal' process. Available in all usual sizes.

Suit **£7.17.6**

Terms: **32/6** deposit and 6 monthly payments of **22/5**

Jacket **£5.19.9**

Trousers **£2.10.3**

STARCO All-Weather Coats

'Starco' Coats for Ladies and Gents are new coats, in a new style and a new material to give a new warmth. Perfect insulation is achieved by aircell proofing — small pockets of air are trapped within the material. Cut in the popular three-quarter length, they are lined with attractive Scotch Plaid and are easy to keep clean and fresh looking. Can be sponged down with warm soapy water.

Ladies' 'Starco' Coats. Fawn, single-breasted type with warm, snug fitting, Beaver Lamb Collar that can be easily removed and replaced the following winter. Fitted with two outside flap pockets.
Sizes: 34, 36, 38 in. bust.

£6.10.0

Terms: 30/- deposit and 6 monthly payments of 17/11.

SKI CAPS

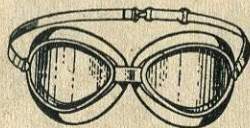

Very popular headwear with cyclists, landworkers, and most people who have often to be out in the open weather. Made of strong Black P.V.C. with warm fleece lining. The detachable chin strap can be pulled down with the wide neck band, giving complete head and neck protection to the wearer. Fully waterproof and very comfortable to wear. Sizes: 6½, 6¾, 7, 7½, and 7¾.

12/6

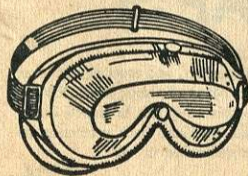

CLOTHING

GOGGLES

The enthusiasts' favourite Goggles, 'R.A.F.' pattern, but now made much lighter and draught-proof. The angled, non-splinter glass lenses give all-round vision. Soft leather padding. Pair **18/9**

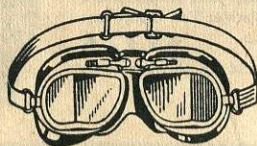

'Octopus' Overstar. The most comfortable Goggles with foam rubber backed frames large enough to be worn over spectacles. Deep grooves at each side are provided to ensure a perfect fit over glasses with the largest frames. Pair **8/-**

Lightweight Goggles with aluminium frames and oval shaped lenses in soft rubber cups. Draught proof and comfortable to wear, these Goggles have proved very popular with many riders. Pair **5/6**

'Elite' Goggles with Grey P.V.C. frames, foam rubber eye pieces and clear plastic lenses. Pair **7/6**

'Mk. X'. Lightweight pattern with four-sided plastic lenses, moulded frame and sponge rubber facing. Pair **8/6**

For safe driving in rain, use the 'Stadium' Rain Goggles. A special transparent shield projected in front of the main lens prevents rain spots from impairing vision. Pair **12/6**

'Stadium Mark 7/H'. These are a version of the popular R.A.F. type Goggles with splinter-proof glass lenses, now adapted specially for wearing with the new 'Space Type' Safety Helmets shown opposite. Thick foam padding prevents draughts. Pair **21/-**

FOR WARM HANDS

'Waddington's Aquadore' Gauntlets give more warmth, wear, comfort and protection. 100% 'Acrilan' fleece lining traps a layer of warm air. Rot-proof thread, used throughout, adds 50% extra wear. Fly-over fastening and back roller strap make 'Aquadore' Gauntlets snug fitting and comfortable to wear. Tough hide with 'Dylon' cuffs and built-in rain blocks assure complete protection.

Sizes: Small, Medium and Large. Pair **57/11**

'Slazenger's' Men's Tophine Gauntlets are specially made for motorcyclists and scooter riders. The real hide hands with warm imitation lamb linings and box-type fingers will give the longest wear. The lambswool lined P.V.C. cuffs are fully waterproof and will retain their smart shape. Sizes: Small, Medium and Large. Pair **59/-**

'Waddington's' extra supple Tan Cape Leather Driving Gloves with nylon stretch inserts. Men's sizes: Small, Medium and Large. Pair **33/6**

Grip Palm Driving Gloves with natural colour, imitation Pecary Cape Palms and crochet backs. Lined. Men's sizes: 8 to 10. Pair **27/6**

Grip Palm Driving Gloves with crochet backs and supple Tan Pecary Cape Palms. Fleece lined. Men's sizes: 8 to 10. Pair **23/9**

See the Complete Range of Gloves and Mitts at your local 'Halfords' Branch.

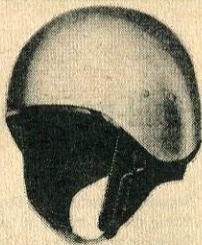

Safety and Style

CLOTHING

The 'Centurion Victor' is a popular, peakless Safety Helmet in Black or White. The cork lined shell has a high gloss finish that is more than a decoration; on impact the 'Victor' will skid over the roughest surface. Fitted with adjustable chin strap, washable inner headband and a press stud safety strap for goggles.

42/6

Sizes: 6½ to 7½

The 'Stadium Project III' sets a new standard of safety, a new standard of comfort. The Silver finished fibre glass shell protects ears and temples as no helmet has done before. The cushioned neck curtain and harness add luxurious comfort that is impracticable with more orthodox styles. Try on a 'Stadium Project III' and you'll agree, it's a winner!

Sizes: 6½ to 7½

75/-

The 'Stadium Cruiser' Safety Helmet, in the latest design, is available in a choice of vivid colours: Red, Yellow, Silver, Blue, White or Black, with either a Black or White flash. Made from tough, impact resistant fibre glass and nylon, plus polyester resin. Fitted with a press studded strap for securing goggles.

Sizes: 6½ to 7½

46/6

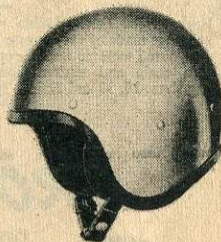

'Kangol Spacemaster'. A top quality NEW STYLE Safety Helmet in lightweight reinforced glass fibre. Features include: cork lined crown; foam rubber headband; padded neck curtain; quick fastening chin strap. Available in Silver, White and Gold finishes.

CLOTHING

SEATLESS TROUSERS

Well tailored Fawn double-texture material — two thicknesses of gaberdine with a middle layer of rubber. The shaped legs ensure a comfortable fit. Zip fastener ankle opening with chain and leather footstraps. Ideal for use by motor cyclists who prefer a full length riding coat. Sizes: 28, 30 and 32 in. inside leg. **50/6**

GOLF TROUSERS

Lightweight Fawn or Navy-blue single texture Golf Trousers are the perfect wear for cyclists, rambles and all who require absolute waterproof covering for the legs. Fitted with an elastic waist and generously cut, they are the ideal over-trousers being easily and quickly slipped on. Fitted with pocket slits. Leg sizes: 28, 30 and 32 in.

23/9

Heavyweight Fawn double texture Leggings made of very strong gaberdine, fitted with zip fastener opening with chain and leather footstraps. Leg sizes: 28, 30 and 32 in.

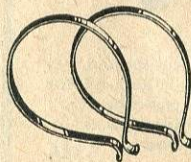

37/-

Pull-up Leggings

Separate waterproof Trousers Legs fitting the full length of the thigh and fastening with braces at the top. Plain open end at the foot, with security straps. Made of good quality gaberdine material, light in weight and very strong. Sizes: 28, 30 and 32 in. leg. Fawn or Navy-blue single texture.

18/6

TROUSER BANDS

Plastic covered spring steel Trousers Bands. Will not damage the clothing and cannot rust or tarnish.

1/-

White Nylon Trousers Bands will maintain their gripping qualities indefinitely and never rust.

Pair **1/4**

'Terry's' push-up type Trousers Clips as illustrated. These clips are very popular with many people because they can be slipped into a pocket without causing it to bulge.

Pair **4¹/₂d.**

Plastic Mac's and Overtrousers

Lightweight peaked Caps made of strong Black plastic with elasticated headband.

2/11

Plastic Macs. The complete answer to summer showers and heavy rain whether you are shopping, holidaying or travelling about; so light and so compact, they can easily be slipped into a coat pocket. All the seams and the plastic buttons are fully welded. Gent's sizes: 34, 36, 38, 40, 42, 44 in.

14/11

A slightly heavier type of the above being .008/.009 thou. material. Fitted with flap type, reinforced pockets with all seams and the plastic buttons fully welded. Gent's sizes: 34, 36, 38, 40, 42, 44 in.

21/-

Black Plastic Overtrousers. With the Plastic Mac and Cap above, these make the perfect combination for wet weather. Made of Plastic with waterproof seams and elasticated waist. Sizes: 28, 30 and 32 in. inside leg.

12/11

CAPE AND LEGGINGS

'Halfords' P.V.C. Capes and Leggings are the finest quality obtainable, being made from strong plasticated fabric by a method which ensures that the plastic coating impregnates the fabric of the garment and results in a super-strong material which is practically untearable and guaranteed waterproof in all weathers. Capes, Leggings and Sou'westers are available in Black or Gold. For cyclists who do much night-riding, the Gold coloured set is recommended because it is more easily seen in the light of motor headlamps.

Capes, 42 in. long with 126 in. Skirt to allow full freedom of movement and adequate ventilation to reduce condensation. All welded seams. Black or Gold with zip fastener opening. **28/-**

As above, but with button opening. **26/9**

Juvenile size Capes, as above, button opening. **24/11**
Length 36 in. skirt 112 in.

Leggings. Black or Gold, with all welded seams, button fastening and leather strap to fit under the foot. **19/6**
Made in three sizes: 28, 30 and 32 in. inside leg.

BATTERIES

HALFORDS BATTERY CHARGERS

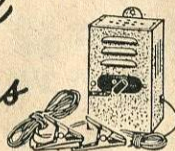

Only if your battery is fully charged can it cope with the extra loads imposed by long periods of parking and starting in temperatures near freezing point. These difficulties can easily be overcome by using a Battery Charger. 'Halfords' Home Battery Chargers, made of the highest quality materials, are economical in use and are provided with efficient charging circuits. All are fitted with safety fuses, charging rate meters, cables and clips. **£3.15.0**

The heavy-duty 3 amp. model, as illustrated will keep a highly stressed battery in perfect condition. **£4.15.0**
or 20/- deposit and 6 monthly payments of 13/5.

De-Luxe 5 amp. model will recharge a battery overnight and often provide sufficient current for starting after only a few hours charging. **£6.5.0**
or 25/- deposit and 6 monthly payments of 17/11.

Special Value Chargers

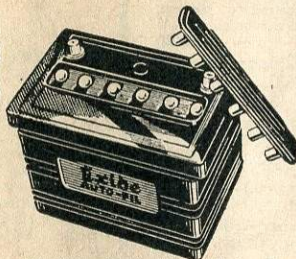

Well constructed 'Renshaw' Battery Chargers at a fraction of the usual price. The 1½ amp. models fitted with cables and clips are for use with either 6 or 12 volt batteries. **37/6**

Similar model to the above but fitted with an easy to read ammeter to indicate the rate of charge. **49/6**

SCOOTER BATTERY CHARGERS

A Scooter battery kept in first-class condition will give many more seasons of service. Get the best from your battery by using regularly one of these fine Battery Chargers, produced specially for riders of scooters and lightweight motorcycles. For 6 volt batteries; ½ amp. charging rate. **32/6**

Get your 'Exide Auto-Fil' Battery from 'Halfords' and start saving time and trouble NOW. In 30 seconds all the cells of the 'Exide Auto-Fil' are topped up to the correct level. The new, easy-to-see porcelain balls equalize the electrolyte level, ensure the longest power-packed life. 'Exide Auto-Fil' and 'Silver Exide' as well as the famous 'Lucas' 'King of the Road' Batteries, are guaranteed,

fully charged and ready for fitting. So that you can obtain yours immediately, all Car Batteries over **£4** are available on 'Halfords' Self-financed Easy Terms. Get your new Car Battery TODAY from your nearest 'Halfords' Branch.

Motor Cycle

AND SCOOTER BATTERIES

'Halfords' 'Value for Money' 6 volt Motor Cycle Battery. Now further improved with the terminals located beneath the cover to give maximum protection from damage, dust and moisture. Guaranteed long life, full capacity with the latest fibre-glass separators. Dry-charged for freshness. **32/6**

'Lucas'. For two-stroke and four-stroke lightweight motor cycles. **£1.17.0**
Uncharged

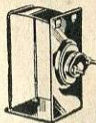

'Lucas'. Standard motor cycle battery with all the latest improvements, 6 volt, 7 plate with screw type or loose lead terminals. **£2.4.0**
Uncharged

'Lucas'. Sidecar heavy-duty type, 6 volt, 20 amp. hours at 10 hour rate. With linkless intercell connectors and unspillable filler caps. Also suitable for lightweight cars. **£3.11.0**
Uncharged

'Exide'. 6 volt Motor Cycle Battery with latest type separators encased in hard rubber container. With quick action screw terminals. **£2.4.0**
Uncharged

All types of 'Exide' and 'Lucas' Scooter Batteries, fully charged, are available at every 'Halfords' Branch.

Battery Carriers

For older machines not fitted with Battery Carriers, and replacements for damaged Carriers where they are bolted to the frame. Made of strong sheet steel designed to hold the standard size 6 volt motor cycle battery. Finished in good quality Black enamel. Lightweight type, as illustrated. **6/3**

Genuine 'Lucas' Battery Carriers made to fit the maker's standard size motor cycle battery. The fully adjustable swivel mounting will fit frame tubes at all angles to ensure that the battery is fitted upright. The top holding plate is easily loosened for routine battery maintenance. Complete with distance plates to fit all frame sizes. **10/6**

BULGIN PLUGS

Two-pin shrouded Plug and Socket specially made to prevent reversing of the battery terminals to a battery charger. Made of strong bakelite with bracket for screwing to a convenient mounting in the Car. Complete Bracketed spare Plug for above **1/11 4/6**

BATTERY TERMINALS

Good Quality heavy-duty terminals. **1/10**
Solder Type. Positive and negative. each
Screw fixing terminals giving good electrical connections. Best quality, heavy-duty. Positive and negative. each **2/3**

HYDROMETERS

for longer Battery life

A useful accessory which will give a good indication of the condition of the battery, and can also be used with distilled water as a battery filler. All with easy to read scales.

Handy size for all motor cycle and scooter batteries. **3/11**

Junior Car model with clearly marked scale. **5/6**

Heavy-duty model for large capacity batteries. **8/8**

Distilled Water

Water is always evaporated as the battery is being charged and even more so during the hot summer months, and to get the best service from your battery it is essential to keep the correct level of acid and water in the cells. A fortnightly check, adding water when necessary, will yield ample reward in increased battery life.

per quart bottle **1/11**

WATER POURERS

'Lucas' Water Pourers. Glass bottle specially shaped for easy handling; with maker's patent correct **5/6** level, non-spill pourer. Car size.

Smaller size for motor cycle **3/6** batteries.

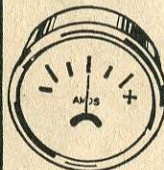

'Veedip' strong coloured plastic water pourer will fit any large **1/-** bottle top.

'Exide' Black rubber controlled-flow water pourers to fit any **2/9** pint or half-pint bottle.

Brushes

Small Wire Brushes, as illustrated, for cleaning sparking plugs, electrical terminals and removing rust from metal. With or without handle.

Unbeatable value at 6 $\frac{1}{2}$ d. each.

A wire-handled cleaning Brush with firm, good quality bristles. The long handle facilitates the cleaning of awkward, inaccessible places such as under the chassis.

11d.

A Wire Brush with two rows of strong steel 'bristles'. The ideal tool for cleaning rusted metal prior to re-painting.

1/8

Spoke Brush, 15 in. overall length, with mixed bristles. Though originally designed for cleaning the spokes of wire wheels these brushes will find unlimited use for all cleaning.

2/7

FLEXY BR

With soft hair bristles set in the rubber back to make car cleaning easier and quicker.

39/6

Junior 'Flexy Brush' A smaller model of the above.

'Flexy Popular' Car Washing Brush. Smaller in size with all the refinements of the above.

'Flexy' Detergent Dispenser. Will fit all 'Flexy' Brushes.

19/6

With tablets.

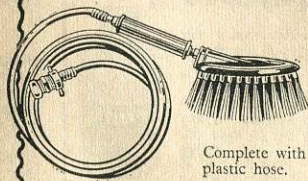

15/-

'Listergent' Giant Pack of 36 tablets.

6/6

WASHBOY WASHMATIK

Dispenses with the need for a long garden hose. The new 'Washmatik' valve syphons water from a bucket.

Complete with approx. 11 ft. of clear plastic hose.

58/-

'Washboy' Shampoo Paste. Tube 5/-

NENETTE POLISHER

A soft Dry-polishing Mop, impregnated with a special polish which absorbs the dirt and polishes as it cleans.

13/9

'Nenetol' refill.

3/3

Large size domestic mop with long handle.

15/6

'O'Cedar' Polishing Mop.

11/9

CAR RADIOS

'Philips', the 'Easy to fit' Car Radio guarantees the best reception. Just a few of the many refinements are: four valves, two waveband reception; built-in battery filter for good sound quality and clarity; 5 in. speaker; low consumption. Added to this is the fact that it can be fitted so easily by the average handyman. See and hear one TODAY at your nearest 'Halfords' Branch.

£21.0.0

Terms: £2-2-0 deposit and 8 monthly payments of £2-15-5.

'Pye' Car Radio — yet another addition to the range of high quality Radio Sets available through your local Branch of 'Halfords'. The output transistor of the 'Pye' radio, used in place of normal valves, reduces the load on your battery giving more miles of good listening. Full scale tuning on both long and medium wavebands.

£19.8.6

Terms: £1-19-0 deposit and 8 monthly payments of £2-11-8.

CAR AERIALS

To ensure the best reception, a good quality Car Aerial is necessary. The 'Valan' scuttle fitting model is a retractable type complete with lead, terminals and co-axial plug. Chromium-plated.

36/-

Side fitting model, fully chromium-plated. Less lead.

25/-

Fully retractable and completely waterproof model, complete with lead and plug. Easy to install.

45/-

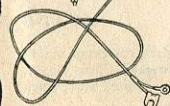

Fixed extension scuttle fitting Aerial, heavily chromium-plated, suitable for fitting in a number of positions. Complete with lead.

25/-

SPARE LEADS

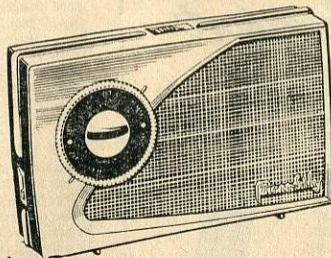

Frayed and worn Aerial leads should be renewed quickly if the best performance is to be obtained from a car aerial. Co-axial 7 ft. lead-in, complete with two terminals and plug.

6/6

RADIOS

Portable Radios

'Perdio', the mightiest midget of all, the motorist's perfect companion. Sockets are fitted for use with car aerial, tape recorder and earphone. Seven transistors ensure economy with power; receives on long and medium wavebands. Size: $6\frac{1}{2} \times 4\frac{1}{4} \times 1\frac{1}{2}$ in.

14½ Gns.

Battery only 2/9
Terms: £1-10-6 deposit and 8 months at £2-0-3.

The 'Perdio Piccadilly' Gift Set. Set comprises: Perdio Radio, leather carrying case, earphone attachment, special bracket clips for car door fitting and free first battery. All for only

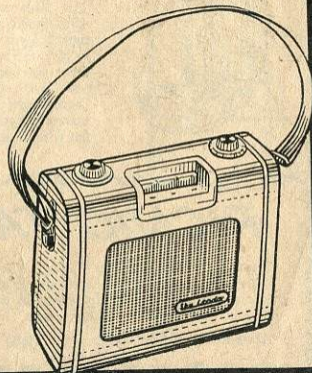

18 Gns.

Terms: £1-17-10 deposit and 8 monthly payments of £2-10-0.

The 'Ever Ready Sky Leader' is one of the latest 'shoulder strap' models using six transistors instead of the normal valves and weighs only 4 lb. 14 oz., including the Power Pack battery. Running cost is less than 1/5th of a penny per hour. The 4 in. speaker provides good quality reception and when travelling in a car the radio can be connected to the aerial using the socket provided. Finished in Tan with matching shoulder strap.

£23.9.0

Battery 3/6 extra.
Terms: £2-7-0 deposit and 8 monthly payments of £3-1-9.

CAMPING GOODS

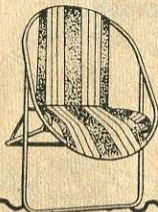

Sit in Comfort

'Halfords' folding pattern Picnic Chair. Made of strong strip steel with attractive striped canvas. Six or more can easily be carried in a car boot. Heavier Model.

17/2 13/11
