YOU WANT SERVICE

. . . and HALFORD'S 225 Branches will give it to you. There is no mushroom growth about the HALFORD Company, we have 40 years' experience behind us, and this is used for the benefit of our customers. We have big stocks upon which you can draw, and every effort is made to get any special article that you require as quickly as possible, providing it is in our line of business.

About these "Specials"; these are often obtained without profit. It is only fair, therefore, that Halford's should have their share of the stock line sales. HALFORD'S charge the lowest prices consistent with value, and our selection of goods is THE BEST. If this were not so, there would soon be no Branches to give Service.

If you have not yet tried HALFORD'S, make a start now.

Join the All Year Round Club

Pay what you like-when you like.

Nothing could be simpler or more convenient than our plan. There are no formalities of any kind. You just slip into your Halford Branch when passing that way and ask for a Club Card, and this will be receipted according to the payments you make. Let Halford's act as your money box. Pay in an odd shilling now and again—just as you can afford it. Any goods you require will be reserved for you.

REMITTANCES

Cheques and Postal Orders should be made payable to the Halford Cycle Co. Ltd. All amounts of 6d. and upwards should be sent by Postal Order, not in stamps.

CARRIAGE AND POSTAL CHARGES

Goods shown in our lists are sent post free. Postage is charged on component parts of listed lines under the value of 5/-, also on spares for Motor Cycles and Cars and Special Tools. Orders for non-listed proprietary articles are supplied in accordance with maker's terms and conditions.

ASK FOR A SALE NOTE

All Halford salesmen are instructed to give Sale Notes with articles sold, which please keep for reference, as they must accompany any goods returned under guarantee.

UNFAILING COURTESY **ALWAYS**

Halford's make a special point of training all members of their staff in courteous service, and think you will greatly appreciate it if you have not already experienced it. If there should be any shortcoming in this respect, please ask for the Manager.

All Prices in this List are subject to alteration without notice

G 3013

BAGS FOR TOOLS

British made.

EEP your spanners, oilcan, repair outfits on your cycle, in one of these bags, so that if trouble comes, you are prepared. To avoid rattling, use a tool roll shown below or wrap tools in a Halford polishing cloth—always a useful article.

A bag suitable for children's cycles. Made of strong fibre.

G 9330 .. 6d. each

A real leather bag, 6 ins. long
G 6979 ... 1/- each

Our "Arcadian." A roomy bag made of fine quality leather with solid ends. Simple ring fastening. 6\frac{2}{8} ins. long. G 4204 . 1/6 each

Our "Renshaw." Good leather body, solid ends. Easy ring catch and space in front for address card, making identification of your cycle easy.

G 1232 ... 1/9 each

Our "Halford," $6\frac{\pi}{8}$ ins. with a gusset inside, making it possible for many articles to be carried. A high-class bag.

G 3058 ... 2/- each

This pattern appeals to the cyclist carrying a touring bag attached to his saddle, as this bag fits in frame of cycle.

G 7896 .. 2/6 each

Tool Rolls for cyclists, with strap and pocket at end. Prevents tools falling out, also rattling inside bag.

G 1500 .. 9d. each

Straps for Toolbags. Size $12 \times \frac{1}{2}$ in. Strong leather. Useful for many purposes. G 3013 ... 2d. each

BAGS BASKETS

British made.

FOR shopping cyclists. Safest and most convenient way of carrying parcels, books, etc., etc. Insist on having whole wicker baskets which are strong and serviceable. HALFORD Baskets are all made of whole wicker, and are complete with two straps for attaching to handlebar or saddle.

A basket for children's cycles. Like mother's, only smaller. 9×6 ins. G 8081 . . . 1/9

G 1513. A smaller size still, 8×5 ins. 1/6 each

A roomy model, oval in shape and with high front. 12×9 ins.

G 6438 .. 2/4

A popular "D" shape, strengthened top and bottom. 12×7 ins.

G 7939 .. 2/8

This model has a slot to fit over head - lamp bracket, making a close fit to head tube.

G7379. 11×7 ins. 2/8

The County Market Basket, oblong in shape, tapering toward the base. $13\frac{1}{2}\times8$ ins. **G 1024 3/**-

The double purpose type for use on cycle or pram. $11 \times 8\frac{1}{2} \times 7$ ins. deep.

G 1437 .. 3/3

The lidded type, useful in wet weather and to prevent parcels being jerked out. 12×7 ins. G 1022 ... 3/9

BASKET STRAPS of stout leather.

G 6692 .. 1d. each

LAMP BRACKETS to fix on baskets.

G 1435 .. 9d.

HALFORDS are Renowned for Service and Quality.

G 1022

BAGS

TO FIT TO

Handlebars or Saddles

G 1969. Black Leather Cloth with gusset. A handy shape for carrying school books, etc. Size $8\frac{1}{2} \times 8$ ins. 1/3

BROWN TWILL BAG.

G 1499. Waterproof, leatherette bound, inside flaps, 9×7 ins. 1/3

TOURING BAGS

and Carrier Outfits

BRITISH MADE.

FOR SOLOS

Pannier Bags only without carrier 5/- pair

FOR TANDEMS

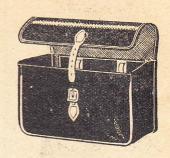

G 1951. Extra large size, made of strong Rubber-lined material. Size $14\frac{1}{2} \times 15\frac{1}{2}$ ins. high. Two end pockets. Will carry camping kit including tent which fixes on carrier... 16/11 set

Pannier Bags only without carrier 11/- pair Carrier only for G 1951 set

G 1956 6/-

CAPE STRAPS

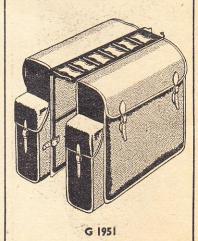

G 1313. Leather, $15 \times \frac{5}{8}$ ins. $2\frac{1}{2}$ d. each.

G 1969

G 1207

G 1956

TOURING BAGS

Improved "Midland" models with Girder Top Suspension, which helps to retain the shape, also Wire Cape Strap loops which take the weight off the material. All made of Rubber-faced material which is waterproof and strong.

G 654. $9 \times 7\frac{1}{2} \times 5$ ins. to 3 ins. Two front fastening straps, two suspension and one seat pillar strap, cadmium-plated buckles. **2**/-

G 650P. As G 654 but $9 \times 7 \times 8$ ins. to 5 ins., and with one outside pocket fitted. **2/10**

G 2148. Similar to above, but double texture material and strengthened ends. . . 5/3

G 765. 13×5×7 ins. to 9 ins. "Hidene" hard-wearing material, two front fastening straps, two suspension, and one seat pillar strap, cadmium-plated buckles, two outside pockets, leather protecting belt 6/6

G 1573. Big value, made of Leather Cloth with two side pockets. Size $11\frac{1}{2} \times 6 \times 4\frac{1}{2}$ ins.

G 86. $13 \times 9 \times 8$ ins. to 6 ins. A luxurious model specially made for Halfords, with Brooks patent Quick-release attachment.

Material: Whipcord throughout. Strong as leather, but more pliable. 10/6

BAG SUPPORTS

for TOURING BAGS

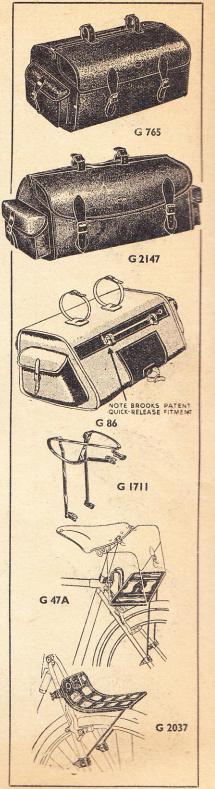

Take the weight off the straps and prevent bags resting on the mudguards.

G 1711. An improved type supports the whole base of the bag. Light and rigid. $13 \times 5\frac{1}{2}$ ins.

The Sportsman.

G 2037. Support and Carrier 1/6

G 2043. As above but aluminium for lightness

CAMPING

- I. The purchase of a "just as good". Tent at a lower price is a big risk. Your camping holiday may prove a disappointment.
- la. There is a Tent for every purpose. If in doubt, please call at any Halford Depot for advice on tents to meet your requirements.
- Pitch your tent on arrival at camp site before anything else is done. Should it rain, clothing and bedding can then be stored under cover. Reverse this order in breaking camp, the tent again protects your belongings against stormy weather.
- 3. Sufferers of cold feet?
 Before bedding down,
 heat a couple of large
 stones in your camp
 fire, wrap in sheets of
 paper or cloth, place
 where your feet lie
 in bed.
- 4. Good campers always leave their site as tidy and free from litter as possible, thus preserving the beauty of the countryside.
- Types of camp fires for cooking:

 Frying—a low spreading flame.
 Toasting and broiling—red coals.
 Boiling—hot flame.
 Roasting and Baking—steady heat.
- 6. For daily tourists, the ideal time to reach camp is two hours before sunset. This gives time to become acquainted with your surroundings, pitch tent, arrange belongings, and cook meal before darkness sets in. Fumbling in the dark is discomforting.

"GOLDSKIN" LEGGINGS

HOLDSWORTH'S RACING KIT

As used by the great rider Frank Southall, both as an amateur and as a professional. The Australian riders, including the famous "Oppy," used Holdsworth's kit in all their records in this country.

HOLDSWORTH'S TIGHTS

WOOL AND COTTON MIXTURE ... 10/6
The mixture combines the warmth of wool with the extraordinary wearing qualities of cotton. Double seat and
elastic at waist.

COTTON. Heavy-weight Fabric. 5/-Very hard-wearing and light, the most popular tights. Double seat and elastic at waist.

ALL TIGHTS ARE FAST DYED.

LAWRENCE HATS

Goldskin with green or amber celluloid peaks (peak is detachable and can be replaced). Goldskin flap at back to keep neck and hair dry. Lighter than Sou'wester and peak keeps rain off spectacles.

Khaki or Black 4/6

HOLDSWORTH

BIKESPATS

Improved design with reinforced instep. Two bound edges.

These spats are much cooler in use than leggings 7/6

All GOLDSKINS are in Khaki or Black.

HALFORD "RAPHAELITE" ENAMEL

Sold by its merits for quality and perfection-not by flowing advertisements. The man who wants perfect lasting finish wants Raphaelite. Slow Drying for Durability.

To obtain best results, first of all remove all old enamel, and thoroughly rub down. Then apply Raphaelite Matt. This is supplied in all colours. When dry, use the enamel. We recommend a final coat of Transparent for all colours to prevent white spots appearing after rain, and to guarantee the super finish.

Size 0 5 Black, White and colours as shown, Transparent, Stopping 9d. 1/9 2/9 4/9 8/9 15/9 and Matt Thinners 9d. 1/6 2/3

ROBBIALAC

SYNTHETIC FINISH.

An entirely new product made from ESINTH — the mysterious ingredient that gives properties that no other paints possess. It flows easily and evenly under the brush, covers in one coat, dries "dust free "in 4-6 hours, and imparts a smooth, impenetrable film. Can be applied over wood, metal or any previously painted or cellulosed surface.

DIRECTIONS FOR FIXING **TRANSFERS**

Coat over the face of the transfer with quick-drying Gold size or Transfer Varnish, with a camel hair brush, using as little as possible. Now leave three or four minutes until the varnish is nearly dry. Place on the article face downwards, make firm by rubbing back, wet the back of the paper and after soaking about one minute, the paper will slide off.

Transfers printed on our special. Duplex paper should be divided at the corner before transferring and the thick backing paper peeled off after the transfer has been applied to article and before damping off. The division of paper is made by curling the corner between the thumb and finger

DYNAMO LAMP SETS THE "MANDAW" SERIES

(Foreign).

THE Genuine "M" Dynamo is used in all MANDAW lighting sets. It has a Chromium-plated casing, with Black Mounts, and is supplied with a clip suitable for fitting to all standard size front forks and rear stays, and can be operated by means of a lever.

The Rotor is carried on a double row of ball races, which are specially packed with a good quality non-diminishing lubricant. It is therefore unnecessary to supply further lubrication.

The Dynamo must be fitted to the right-hand side of the cycle (front or rear) otherwise the running is reversed, and this is not advisable.

See that the contact screw in the clip penetrates the enamel on the stay.

HALFORDS FOR REPAIRS—Cycle Renovations

We make a speciality of repairing and renovating cycles. The same attention is given to these in every detail as to new machines. All repairs are carried out by thoroughly experienced workmen, highly skilled in this kind of work, and this, combined with the most careful supervision, means every job is turned out in first-class condition. and wherever material will allow, equal to new.

COMPLETE CYCLE RENOVATIONS

(1) Stripping down cycle, thoroughly cleaning, coslettising and enamelling black, all bright parts re-chromium-plated, including wheels, which are stripped and rebuilt with new spokes, nipples, and washers, new mudguards, grips, brake blocks and pedal rubbers are fitted in all cases. All components thoroughly overhauled, frame and fork re-tracked if necessary, new balls to the hubs and any small worn parts or bearings renewed 60/-

ALL-WEATHER FINISH

(2). Coslettising and re-enamelling black, re-enamelling handlebar, wheels stripped, rims and hubs enamelled and re-built with new spokes, nipples and washers, new guards, etc., fitted as per specification No. I. 60/-

ALL BLACK FINISH

Coslettising and re-enamelling black, all component parts enamelled, including wheels, but in this case the latter would not be stripped and re-built 52/6

Special Note!

The times given above are based on Greenwich Mean Time. A table is given below for each month showing the minimum number of minutes later or earlier than the sun sets in important towns in England-Wales. **Bold figures** indicate earlier thus 13; whilst the figures in light type all read later.

	Jan.	Feb.	Mar.	Apl.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.
