Legislation and Training

Honda Visions are mopeds and can be ridden from the age of sixteen with a provisional moped licence. Holders of full car licences do not need to take a test or display 'L' plates.

However, inexperienced riders are advised to take training

which, although not compulsory, makes good sense. There are many riding skills you can be taught that will help you ride more safely and enjoy your Vision to the full. Ask your Honda dealer for details of local training schemes.

Hondastyle Optional Extras

Windscreen for extra weather protection.

Easily attachable front basket with a special fitting shopping bag also available.

Machine cover (not shown).

Lockable top box to fit rear carrier.
