Camino Sports: economy with a sporting image.

We've taken the reliable, economic Camino and added some sports styling to make it stand out from the rest.

Specially designed six-spoke wheels and a streamlined front give it that special flair. Though for practical purposes, tucked behind the large, comfortably padded seat, is a strong metal carrier to take your packages.

But all the features that have placed the Camino in a class of its own have not changed: easiest ever riding with no gears, no clutch, pedal start, powerful hub brakes and motorcycle style suspension; steering and helmet lock; efficient lighting front and rear.

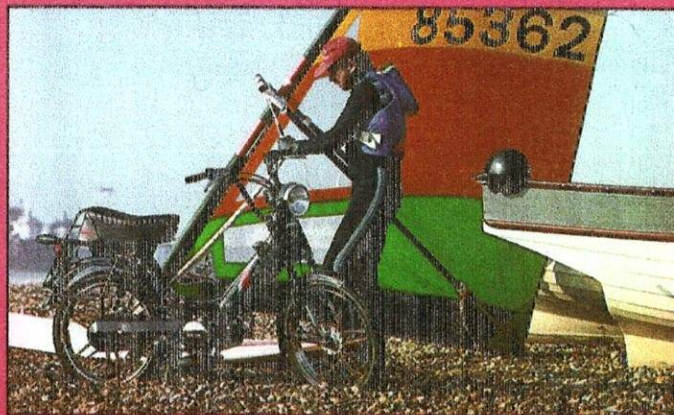

Camino Sports: a new dimension added to popular mopeds.

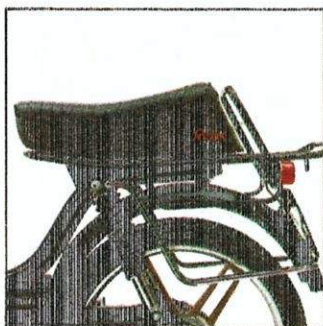

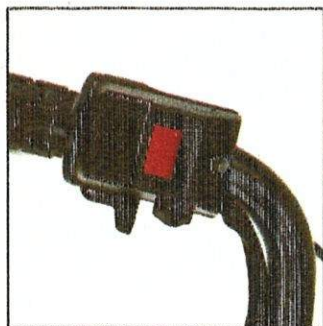

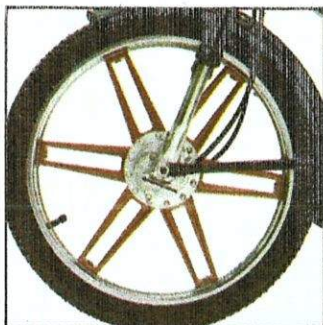

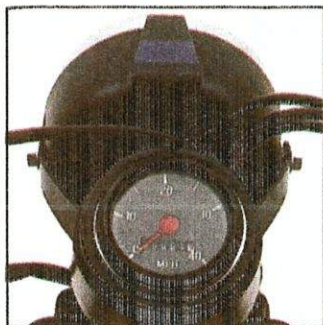

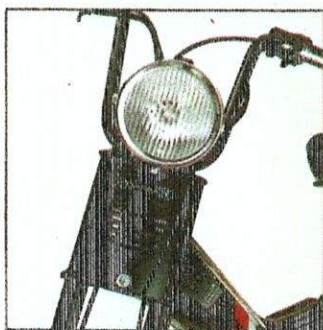

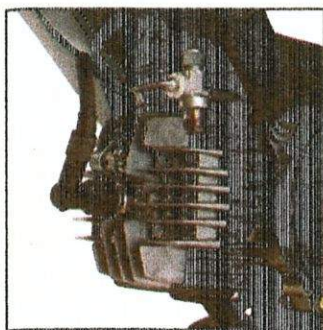

The Camino Sports

- will return over 100 m.p.g. (2 star petrol/oil mixture)
