

The Famous "JAMES"

BUILDERS OF FINE BICYCLES FOR FIFTY YEARS

CONVERTIBLE ARROW-ACE TANDEM

Note

With the James Patent 2-speed gear, and double cog drop-out, four gears are obtainable.

The new JAMES tandem which can be converted by the adjustment of a bar into either a

double-gents or a lady-back machine. (Inset) The bar, bolted to the seat-tube lug.

The Perfect 'Twicer'—

CONVERTIBLE L.B. OR D.G. AT WILL.

Skilled design and sturdy construction are even more important in a tandem than in an ordinary machine—the strains and stresses are greater. You can't go wrong if you choose a JAMES "Arrow-Ace," which is soundly built in every part. Its fine quality and general excellence cannot be equalled.

Choose an "Arrow-Ace," and you will become an even more enthusiastic "tandemist"—its easy-wheeling is a revelation. Send off the coupon to-day for the JAMES catalogue, which describes this and over 59 other models at prices from £4-19-6 cash, or on easy payment terms.
