

THE NEW DELUXE AUTOMATIC JAWA MOPED

Easy handling • minimum maintenance requirements • 130+ miles per gallon • reliability long service life • all these traditional Jawa features are inherent also in the all new Deluxe Jawa Moped. It is an ideal vehicle for town and country, for commuting, shopping, and for joy riding.

The heart of the Jawa moped is its super reliable engine, ignition and automatic transmission.

Exterior Features: available in three beautiful colors, Burgundy, Blue and Black. All models have deep chrome-plated fenders, exhaust system and shock covers

Rear shock absorbers and convenient luggage carrier make the Jawa ideal for errands and excursions

JAWA MOPED - BASIC TECHNICAL DATA

Engine: air cooled two-stroke single of 50cc swept volume producing 1 bhp: The connecting rod is mounted in a needle bearing.

Transmission: Automatic centrifugal clutch gear driven primary transmission, featuring an all-new engine disengagement feature. Single-speed gearbox. All shafts run in ball bearings.

Carburetor: Jikov improved model with starting device.

Ignition: transistorized, ultra simple and ultra reliable, requires neither maintenance nor adjustment.

Frame: sturdy open frame welded steel tubes and sections. Great attention has been paid to the driver's comfort. The design of the seat and layout of the controls contribute to pleasant, effortless driving.

Wheels: chromium plated rims are fitted with 2 1/4" X 16" Barum tires.

Brakes: efficient, mechanically controlled solid-hub brakes on both wheels. Brake drum-diameter 85 mm, lining width 20 mm.

Suspension: Front, telescopic fork with protective fork boots. Rear, new swing arm and shock absorbers, and a soft vinyl covered seat.

Fuel tank: a filling capacity of .8 gallon including an emergency fuel reserve, with a fuel shut-off-reserve valve.

Standard equipment: vinyl covered seat, handy tool kit, tire pump, electric horn, luggage carrier, steering lock, rear view mirror and new brilliant tail lamp, with side reflectors.

Weight: 97 pounds.
