

# the cob family

This is the ideal small wheel cycle. The brazed frame is built to withstand rough usage by every member of the family. It is completely versatile, having an instantly adjustable saddle, together with Hi-rise handlebars which can be adjusted for both reach and height. Finished in rich flamboyant colours, Dark Green, Mid Blue and Firecracker Red with Chromium plated bright parts.

## cob'20'

This single speed version has 20" x 1 1/4" all white tyres, and is equipped with white rubber pedals, large touring bag, pump and reflector.

## cob'gt'

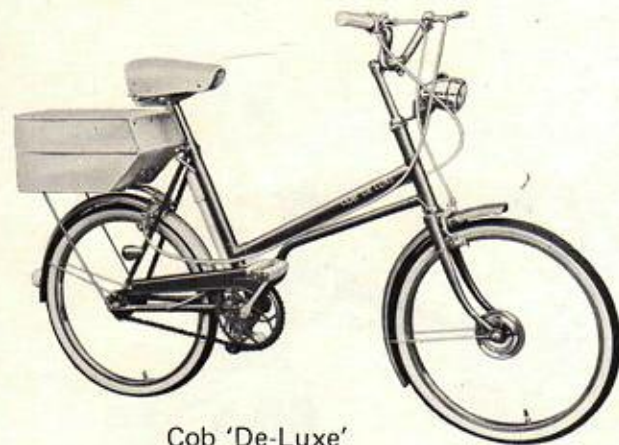

Design and general specification similar to COB '20' but fitted with 500A white wall tyres, semi-balloon for extra comfort. It is also equipped with Sturmey-Archer 3 speed gear with latest twistgrip control.

## cob'de-luxe'

The ultimate in small wheel cycles. Its specification includes 500A semi-balloon white wall tyres, rear carrier with detachable holdall. Sturmey-Archer 3 speed gear with twistgrip control and dynohub lighting.

Cob '20'

Cob 'De-Luxe'

# go with a KERRY quality cycle

# junior racer

A sports cycle for the young enthusiast. It is a modified version of the renowned 'Classique' and has an 18" frame with 24" wheels. The specification includes white wall tyres, racing saddle, Deraillleur 5 speed gear, steel racing pedals, light-weight plastic mudguards, maes pattern handlebar taped and plugged on extended adjustable stem. It is complete with pump and rear reflector and the finish is Arctic White with contrasting mudguards and seat tube panel.

# panda

A 'First' Cycle built to 'Last'. This robust machine is suitable for either Boys or Girls with a minimum inside leg measurement of 16". It will grow with the Child as the Handlebars and Saddle can be extended. Frame size 11 1/4" with 14" wheels. White tyres and white pedals, stabilisers, rear brake, carrier and holdall (as illustrated) are available at extra cost.

# trekker

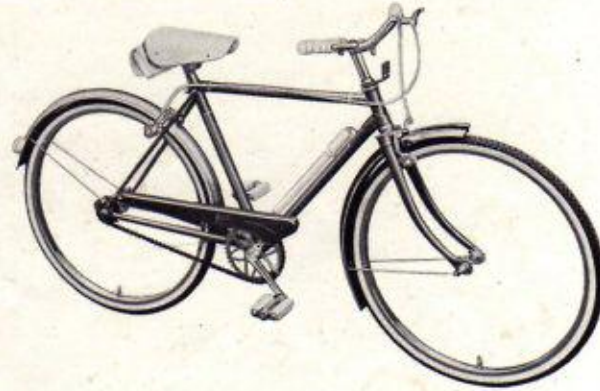

The High Riser shod with knobbly white stripe tyres, to give sure grip over rough terrain. Trekker has those 'easy rider' handlebars and that long polo type high back saddle with telescopic suspension. The three speed gear has a shift stick control mounted on the top tube. Complete with 3" rear reflector and propstand. It is available in Ensign Red or Cambridge Blue with chromium plated mudguards.

every boy's delight!

# hunter

A juvenile light tourist cycle of first class specification. Boys or Girls model with 18" frame and 24" x 1 1/8" wheels with white wall tyres. Equipped with pump, reflector and toolbag. Flamboyant finish with Sunset Yellow frame and forks with Ruby mudguards and chain-guard.

# competition lightweight tourist

An attractive Light Tourist Cycle, with up to the minute specification. Streamline chainguard, rubber pedals, mattress type saddle, 26" x 1 1/8" wheels. Equipment includes pump and reflector. Gents frame sizes 19" 21" & 23" Ladies 19" or 21" Finished in Flamboyant Ruby or Blue with contrasting trim. Available with 3 speed hub gear.

# pony

A junior edition of the famous COB, eminently suitable for boys or girls from five or six years of age. It has a 14" frame and is readily adjustable to include ten year olds. It is equipped with front and rear brakes, white tyres, white pedals, pump, reflector, rear carrier and detachable holdall. Finished in Flamboyant Tangerine, Blue or Magenta.

# colt

Built with adult size tubing to withstand the rigorous use of the energetic youngster. It has a 16" frame and is available in Boy's model only. The 20" x 1 1/8" wheels have white tyres. The specification has streamlined chainguard, mattress saddle, caliper brakes and hi-rise handlebars. Equipment includes pump, reflector and toolbag. Finished in Flamboyant Orange or Blue with contrasting trim.
