"MOTOR CYCLING" SCOOTER TESTS

FOLLOWING in the style of the well-known *Motor Cycling* books of collected news comes a new departure in this series in the shape of "*Motor Cycling Scooter Tests*," which will be appearing on the 1st of May tomorrow; its vivid black-and-white photographs contain 16 road test reports by the experts of *Motor Cycling*, as well as comprehensive servicing articles dealing with Vespa and Lambretta. There is also a very fine cut-away drawing of a Piatti machine, showing the internal details of this
