

"Ride a 'HOBBY' — and Relax!"

In Heavy Traffic a Scooter with AUTOMATIC TRANSMISSION is a "MUST"

while on the open road it adds immeasurably to your enjoyment to ride a machine which, in a nutshell, thinks and acts for you. 'Motor Cycling' said: "Undoubtedly the Hobby is THE vehicle for heavy traffic use". The Manurhin Hobby is a godsend to anyone who is not mechanically minded, with no gears or clutch to bother about, while it can be handled immediately with complete confidence by a novice—it is as easy to ride as a "push-bike". The Standard model costs £122. 8. 8d., inclusive of tax.
