## THE MANURHIN "HOBBY"

Made in France under licence from the German D.K.W. concern, the 74 c.c. *Hobby* scooter with automatic gearing on the *Philipson* pulley principle is further developed to fully automatic transmission.

A centrifugal clutch operates through the primary drive pulley and operates at engine speed. Other improvements are body styling, increased power output 16-inch x 2.75 inch tyres and pillion

equipment as standard. Price is £143 including tax and the distributors are A.F.N., Ltd., Falcon Works, London Road, Isleworth, M'ddlesex.

**CORRECTION**—Printers Errors in LUCAS advertisement on back cover : Coil is MA6 not CQ6. MK9E Battery is 6-volt 8-amps at 20hr. rate.
