

NORMAN

MI-VAL ENGINE

Spare Parts

Price : TWO SHILLINGS

It is to the benefit of the customer to note the following points when ordering spare parts :—

Ask for genuine Norman spares always.

Give list number of part accurately.

Give a description of part required.

In case of doubt, send old part as pattern.

NORMAN MI-VAL ENGINE

SPARE PARTS LIST

NORMAN CYCLES LIMITED
Beaver Road
Ashford · Kent

WHEN ORDERING SPARE PARTS ALWAYS QUOTE THE ENGINE NUMBER AS THIS WILL HELP THE STOREKEEPER TO MAINTAIN A QUICKER SERVICE.

SPARE OR REPLACEMENT PARTS ORDERS

All spares and replacement parts, including engine parts can be sent against receipt of remittance or under the Post Office C.O.D. system.

Business in connection with spare parts must always be treated on a Cash basis and sufficient should be included to cover the cost of postage. If this is not done, a surcharge of 5 per cent. to cover postage or carriage and packing will be charged (subject to a minimum of 6d.).

Unless otherwise instructed, all spare parts will be sent by C.O.D. post (weight permitting) when remittance does not accompany the order.

When making remittances by telegraph money order, the name and address of sender MUST be included in the space provided on the Post Office requisition form for a private message from remitter to payee; unless this is done the Post Office does not give this information upon a telegram.

When sending parts for replacement, repair, or as pattern, the name and address of the owner must always be securely attached and full instructions explaining what is required should be sent separately by post.

Old or worn parts sent as pattern are not returned unless specially asked for by the owner at the time of sending them to us.

In the event of correspondence relating to Spare Parts or Repairs, always quote our Invoice Number.

REPAIR SERVICE

Our Works at Ashford, Kent, are fully equipped and are available for the repair of engines.

All work is attended to by specialists in repairs, and the work is carried out under the terms of our usual guarantee as given below.

We advise you to obtain your Spare Parts from your recognised Norman Dealer or direct from our Service Department, as there is no economy in fitting cheap imitation parts.

GUARANTEE

Any engine sent to us will be repaired upon the following conditions, i.e., we guarantee that all precautions which are usual and reasonable have been taken by us to secure excellence of materials and workmanship, such guarantee to extend and be in force for 3 months only from the time such work shall have been executed, and this guarantee is in lieu and in exclusion of all conditions and warranties, statutory or otherwise, and all liabilities whatsoever, and the damages recoverable are limited to the cost of any further work which may be necessary to amend and make good the work found to be defective.

ESTIMATES

If required we are always prepared to give an estimate before proceeding with any repair. This entails a certain amount of labour in dismantling to ascertain what new parts will be required, and therefore, in the case of any estimate not being accepted for special reasons, a small charge is made for our mechanic's time in taking down the parts for report.

Estimates must be treated as APPROXIMATE only. We reserve the right to include additional parts should these be found, on further examination, to be necessary to make the repair satisfactory.
