SIMPLY SUPERB—SUPERBLY SIMPLE!

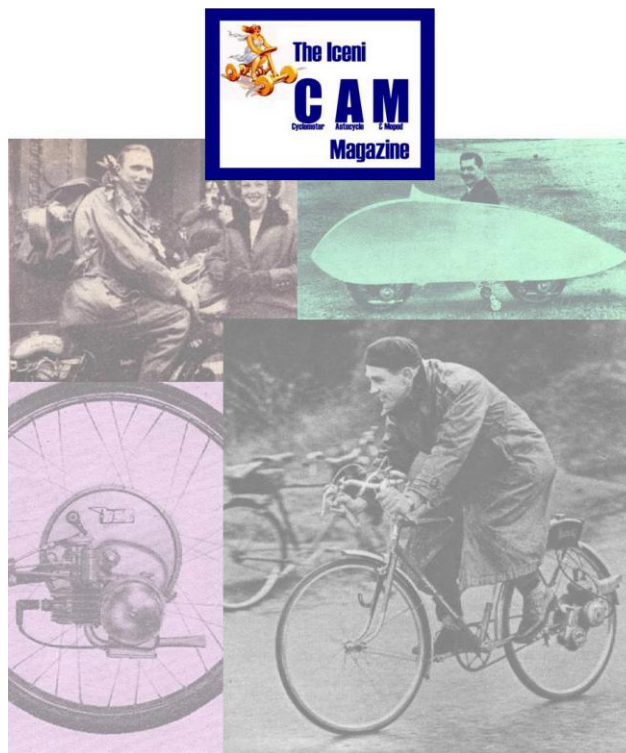

That's the NEW Mobymatic MK II. The Moped that thinks for itself. Automatic Gearing and Automatic Clutch reduce controls to a minimum, in fact, throttle and brakes only. Just accelerate and the machine glides smoothly away carrying you safely and with complete reliability on all your journeys. So economical too, 200 M.P.G. plus is commonplace with these remarkable models and so easy to ride. Perfect for the daily journey to work, shopping trips or runs into the country.

Every conceivable refinement has been incorporated into this beautiful model. For Luxury at low costs you can't beat MOBYMATIC.
