

THE SCOOTER

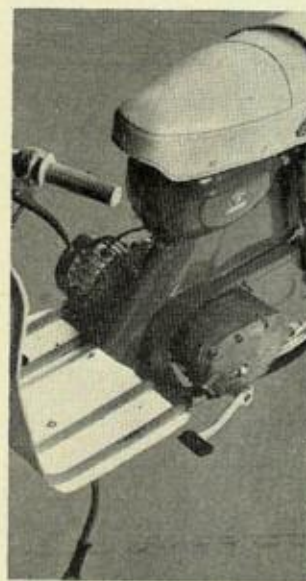

with POWER & PEDAL

Volume XIII | No. 3 | February | 1965

100cc. power from a 50cc. engine!

MOTOBI FABULOUS 48

"These 50 c.c. scooters frankly amazed us—they climbed like cats and put up performances that would not have disgraced machines of double the engine capacity."—*Power & Pedal*.
 Fabulous 48, 81 gns. Also 98 c.c., 105 gns and 125 c.c. 110 gns.

EUROPA IMPORTS LTD
 63 Reading Rd., Pangbourne, Berks.
 Please send details of Motobi scooters.

CHECK: Easily-replaced legshield; speedo as standard; sensible-size wheels for infallible road-holding.

TRY OUT: Fan-cooled engine with high output at low revs; 3-speed gear box as used on 125 c.c. model; flat platform with clear legspace.

APPRECIATE: Oil-damped swinging arm; full shielding round rear wheel; long broad dual-seat for big man comfort.
