GEORGE FORMBY AT NEW HUDSON WORKS

LAST week George Formby, the famous stage, screen, and radio comedian, visited the works of New Hudson, Ltd., at Birmingham, accompanied by his wife. Mr. and Mrs. Horace Brueton and Mr. Alec Fraser welcomed the visitors and took them on a tour of the works. Mr. Formby expressed great interest in the manufacturing processes. After his tour of inspection he expressed a hope that cycling would always occupy a high position in the life of the community.
