

# THE NEW MOPEDS

## TWO NORMAN MODELS

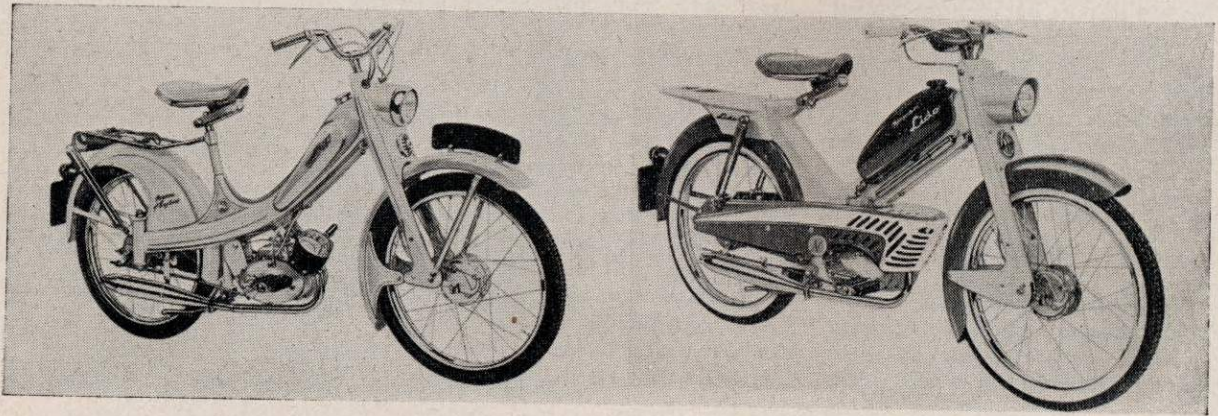

Stand 33

THE advent of the new Villiers 50 c.c. engine has enabled Norman to shew a range of all-British mo-peds at very attractive prices but also with all the security of established continental design and experience behind them.

The machines are the Nippy with its plunger rear springing at £65. 2s. 0d. and the Achilles "Lido" with fore and aft swinging arm suspensions and very full machine enclosure at £74. 1s. 0d. Both use the new two-speed engine.

enclosure and leg shields but containing pedals. The all-gines of 47.6 c.c. cl of 2 b.h.p. at 5.5 all have two

The Villiers engined all-British Norman Nippy and Lido machines

Standard two-speeder and the "S" de luxe type both have unchanged for 1959, but at the time
