

*A joy to ride
under all conditions!*

**ROBUST AND RESPONSIVE
ENGINE UNIT GIVING 2.1 bhp**

**INTERNAL EXPANDING REAR
HUB BRAKE**

**POWERFUL
DIPPING HEADLAMP**

Here's the moped that really takes you places—quicker, easier and more economically—and safer too, however wintry the weather. Here's the moped with more and better features—controls designed for easy operation, frame and saddle designed for comfort, engine and gears designed for power, speed and low fuel consumption—180 miles per gallon! Here's the moped that gives you the *most*.
