- | | |
|---|----------------------------|
| That it is built of steel only—no malleable iron castings, as in other machines. | THAT'S THE RALEIGH. |
| That the fork crown be of the cylindrical type, specially designed to resist great strains. | THAT'S THE RALEIGH. |
| That the front forks are specially designed and liquid brazed, so that they will never break suddenly and throw you on your head. | THAT'S THE RALEIGH. |
| That the plating be of such sterling quality that it will never rust. | THAT'S THE RALEIGH. |
| That the bearings in the bottom bracket, wheels, and other important parts will last a lifetime, due to a perfect system of case-hardening. | THAT'S THE RALEIGH. |
| That the design of frame is scientifically correct, has perfect alignment, and angle of steering. | THAT'S THE RALEIGH. |
| That the chain is perfectly lubricated in an oil-tight gear case - - | THAT'S THE RALEIGH. |
| That the brakes will hold you on the steepest hill as safely as on the level with a slight pressure of the fingers. | THAT'S THE RALEIGH. |
| That the fittings be the very best, Clincher tyres, Brooks saddles, and Sturmey-Archer three-speed gear. | THAT'S THE RALEIGH. |

**WHAT OUR AGENTS THINK
OF OUR NEW MODEL.**

Two well-known Agents write:—

"June 20th, 1908.

"Just a line to inform you that I have received the Tri-coaster Model, also that I am very pleased with same. I did not expect it to be fitted with Brooks' saddle and high grade tyres. I should say this is about the biggest bargain ever offered in the cycle line. I expect to get a few about in my district. Please forward more leaflets as soon as possible. Wishing you every success.

"June 20th, 1908.

"I really must congratulate you on the Model 40 machine, sample of which I had from you a few days ago and sold almost immediately. It is the best line and the best value on the market.

"H.B., Old Market Street, Altrincham."

Remember, the London—Dover and back Record was broken on a Raleigh fitted with Clincher Tyres, Brooks' Saddle, and the Sturmey-Archer "Tri-coaster."
