

THE '95/'96 KIDS COLLECTION

ACTION BIKES

Get down and get with it and go where the action is. The word on the street is Raleigh and the word on the Raleigh is MAX! Maximum attitude, maximum thrills and maximum tubes will make the other bikers on the block look sad. Scope those oversize tubes with the cosmic glow of their "Reflex" paint, then gripshift into Shimano gear for the ride of your life! Test the pulling power of the massive "mean grip" tyres on alloy rims then slow down the pace, to let the others catch up, using your powerful cantilever brakes.

Or maybe riding the rough off the road is where you get your buzz. With the Activator its shockingly easy. "Synchro-Shock" front forks to soak up the tough terrain, speeding you away on the original and still the best suspension bike around. And what goes for the boys goes for the girls!

Equally matched on performance and attitude, the girls can get to grips with their own range of sizzling action bikes. Check the spec, the wild paint jobs and graphics on the toughest word in town - Raleigh.

NEW

ISSUE DATE: JANUARY 1996. DESIGNED AND PRODUCED BY CROSS HILL CONWILL.

Girls and boys, whatever their age, always enjoy the fun and excitement of their first new bike. With a Raleigh, it's guaranteed. Our girls bikes in the latest stylish colours have built in extra play features like dolly seats and carriers. Our play bikes look just as exciting as they are, with colourful graphics and packed with 'real-bike' features.

Whilst our trikes are sturdy and stable, making sure any toddler can set off safely to enjoy all the fun that Raleigh can provide.

Aren't they worth a Raleigh?

No time is more important than the time you take to choose your child's first bike. You want to be sure they're safe and having fun as they enjoy their first experience of two wheel travel. With Raleigh, they couldn't be in better hands because we build in safety as well as superb play value. It's our care in making certain there are no rough edges or finger traps. The certainty that proper brakes are within easy reach of little hands, that pedals are made from non slip rubber and tyres are pneumatic, not solid, for real control. Frame mounted stabilisers, non toxic paints, and fully enclosed chain guards add to all the reasons why we exceed the British Safety Standard.

But don't just take our word, compare our bikes with other models. We guarantee you'll agree that every child is worth a Raleigh.

Mermaid ■ Fun Mermaid graphics and Brilliant Pink paint finish. ■ Custom designed dolly carrier for added fun. ■ Short-reach brake levers, removable stabilisers and non-slip pedals provide easy and reassuring control. ■ Colour: Brilliant Pink. ■ Inside leg: 18"-22". ■ Probable riding age: 5-7.
