

NOW for £5.1.7d
extra your
Raleigh moped
can have
a clutch

Now you can, if you choose, buy a Raleigh Moped fitted with a simple, sturdy single-plate countershaft type clutch at an extra cost of only £5.1.7d.

This alternative model of the Moped with the big British name behind it retains all its qualities of sturdy engineering, sound design and honest workmanship and adds to them the extra handiness in traffic and the even easier starting that a clutch can give.

Go and see the two versions—with clutch, without clutch—at your Raleigh Moped Dealer's today.

Optional extras
WINDSHIELD
LEG-SHIELDS
PANNIER BAGS
SPEEDOMETER
