ENFIELD CYCLE CO., LTD. 45

THE "Bullet-5," a stalwart of the Enfield range, has an excellent specification for speed work and includes the Enfield three-speed Easy-Change gear, and sells at the reasonable price of £9 7s. 6d. A number of club machines will be shown, all reasonably priced, and the Ensign All-weather model is particularly interesting for the business rider. It has an oilbath gearcase and all-black finish and costs £6.
