## 3 SPEED GEAR

*Announce*  
**A NEW DEVELOPMENT**  
 STAND '60

**BICYCLE & MOTOR  
 CYCLE SHOW**

**EARLS COURT  
 SEPT. 22nd—29th**

### MODEL B.1.

This type of gear is complete with hub, the free wheel being integral with the hub and gears. Without brake this model is suitable for those who desire their existing method of retraction.

### MODEL B.2.

Is exactly as model B.1, the difference being an extremely efficient hub brake. The fitting of all B models is very simple and specially made for solo machines.

### MODEL C

Will be found ideal for those not wishing the additional expense of rebuilding the wheel. The free wheel is made to screw on to the existing hub and gear mechanism.

**Range of sprockets from 12 to 28**  
**Price without Hub 22/6, with Hub 25/-**

We assist you by our advertising. Our agency terms and discounts are generous. Our service is immediate, no delay in replacements or repairs, large stocks of spares being always to hand. TriVelox has helped to make and break records. It is to your advantage to see us at the Show.
